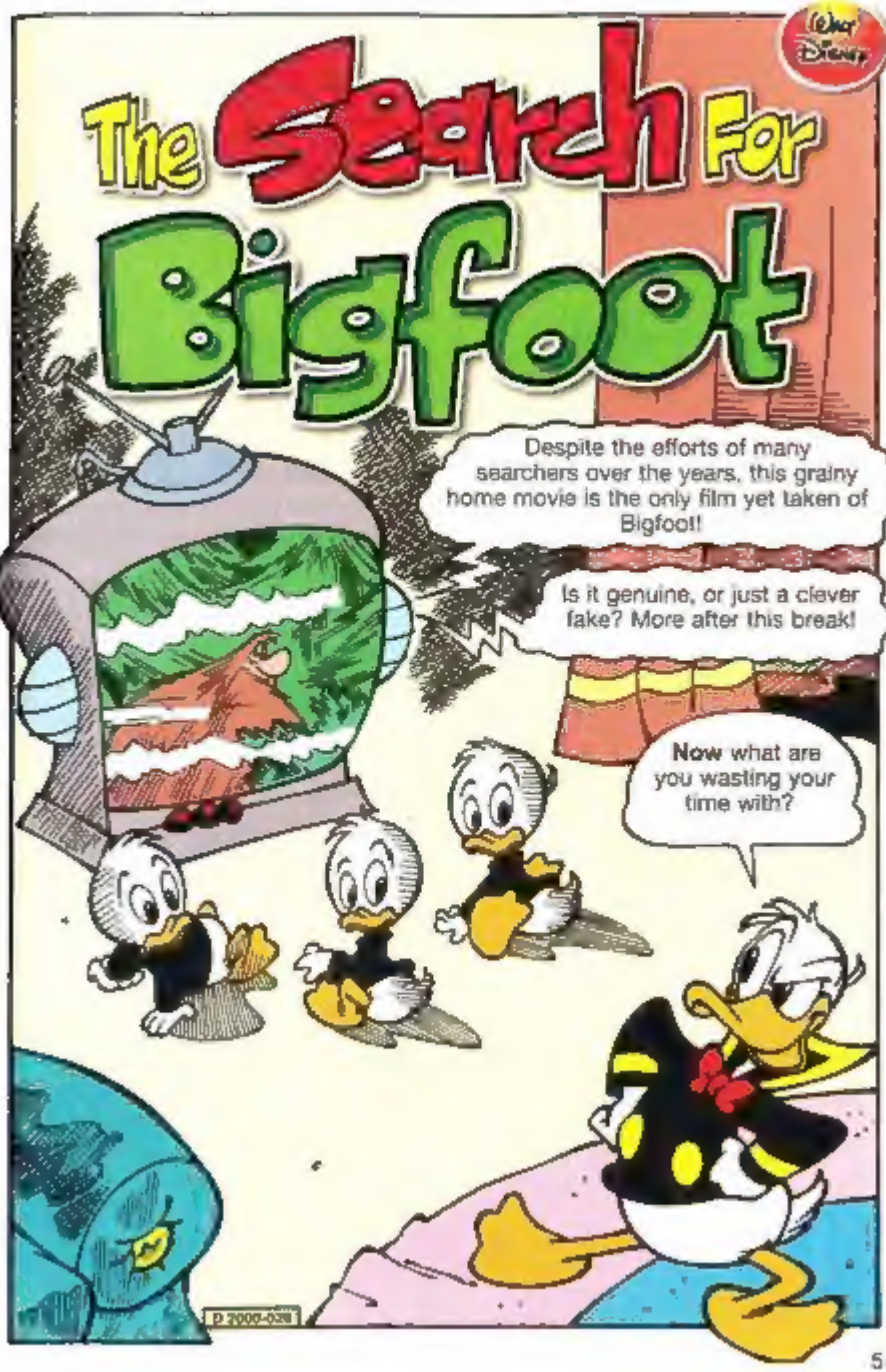
EDITORIAL

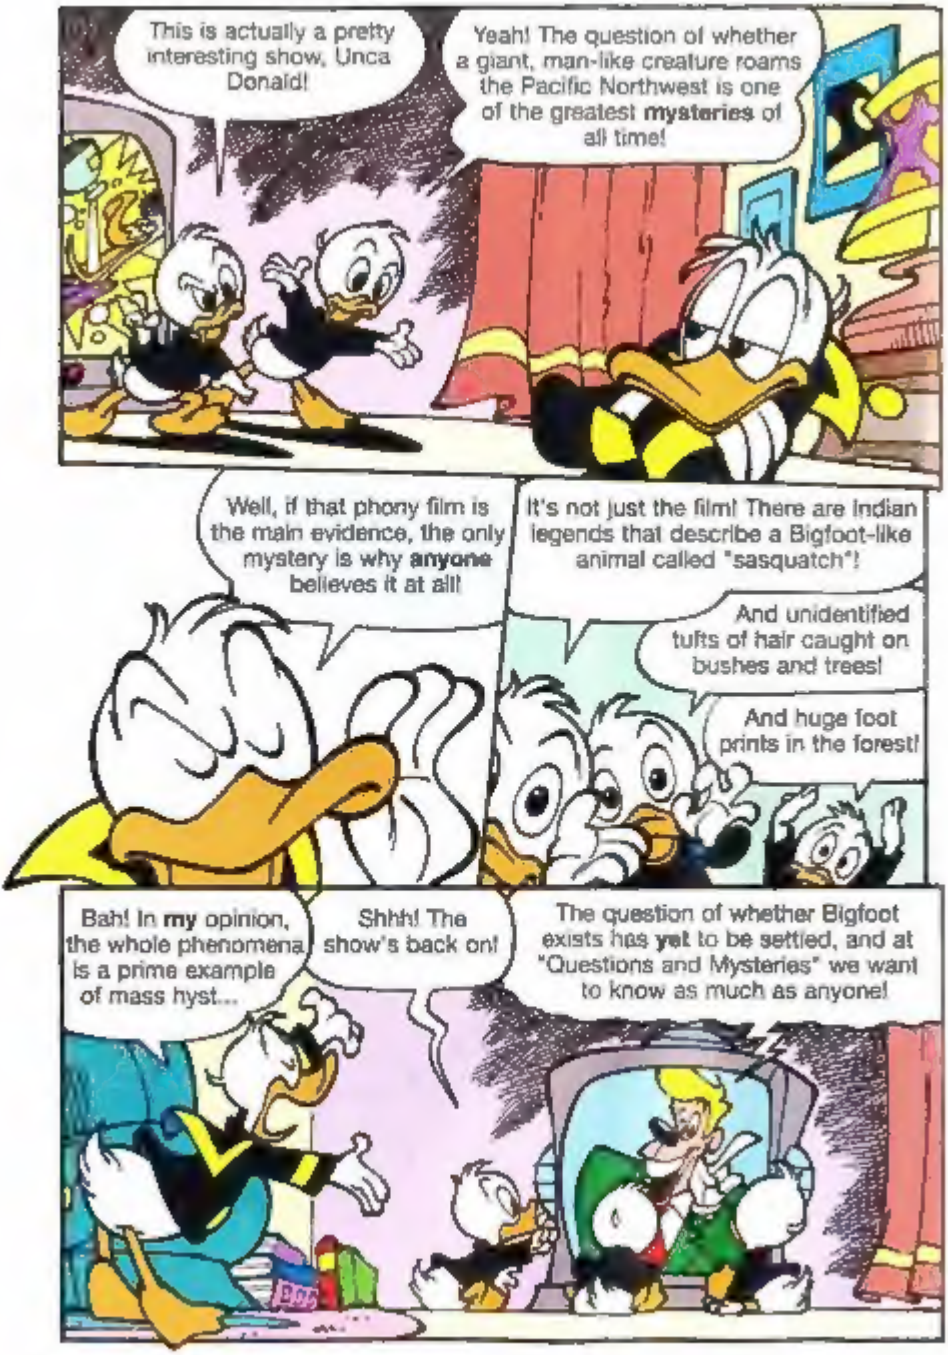
Dear Reader,

so the saga continues ...
with this third special pocketbook we continue the series
„Lustiges Taschenbuch" (Funny Paperback) in English.
Reacquaint yourselves with all the beloved
characters from Duckburg – Donald, Mickey
and many others in well-known settings –
yet with a slightly different take ... yes, that's right ...
in the original English version.
We believe that the great comics tradition of
combining words and pictures is an easy
and entertaining way to learn English.
Learn with a laugh!
All the stories have been re-edited so you don't need
to be a native speaker to catch the essence
of these very funny stories.
And as an extra help there's a dictionary at the back
of the book in case you don't understand some words.

Have fun!

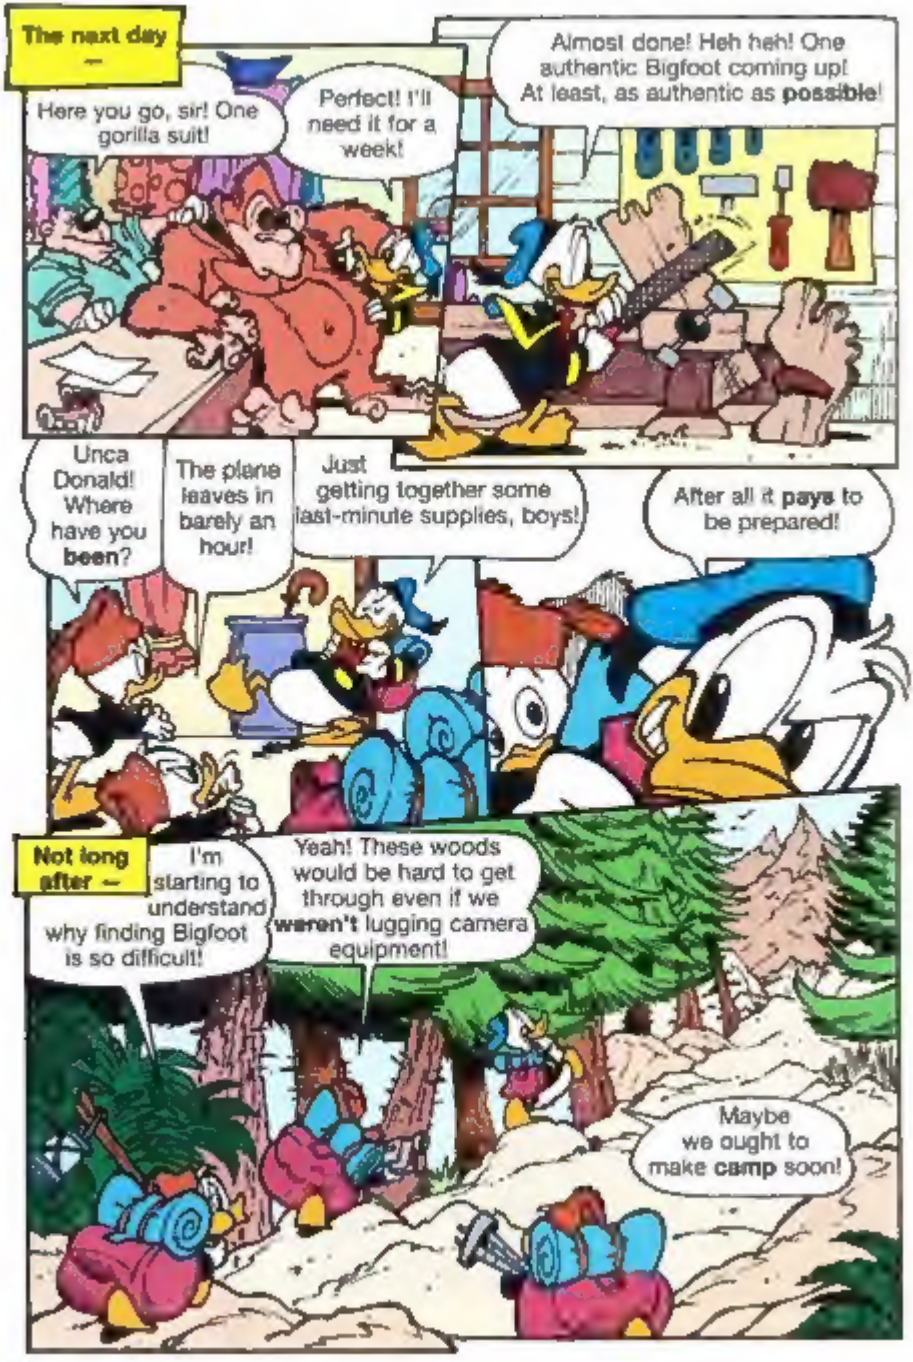


The Search For Bigfoot
Despite the efforts of many searchers over the years, this grainy home movie is the only film yet taken of Bigfoot!
Is it genuine, or just a clever fake? More after this break!
Now what are you wasting your time with?
P 2000-028



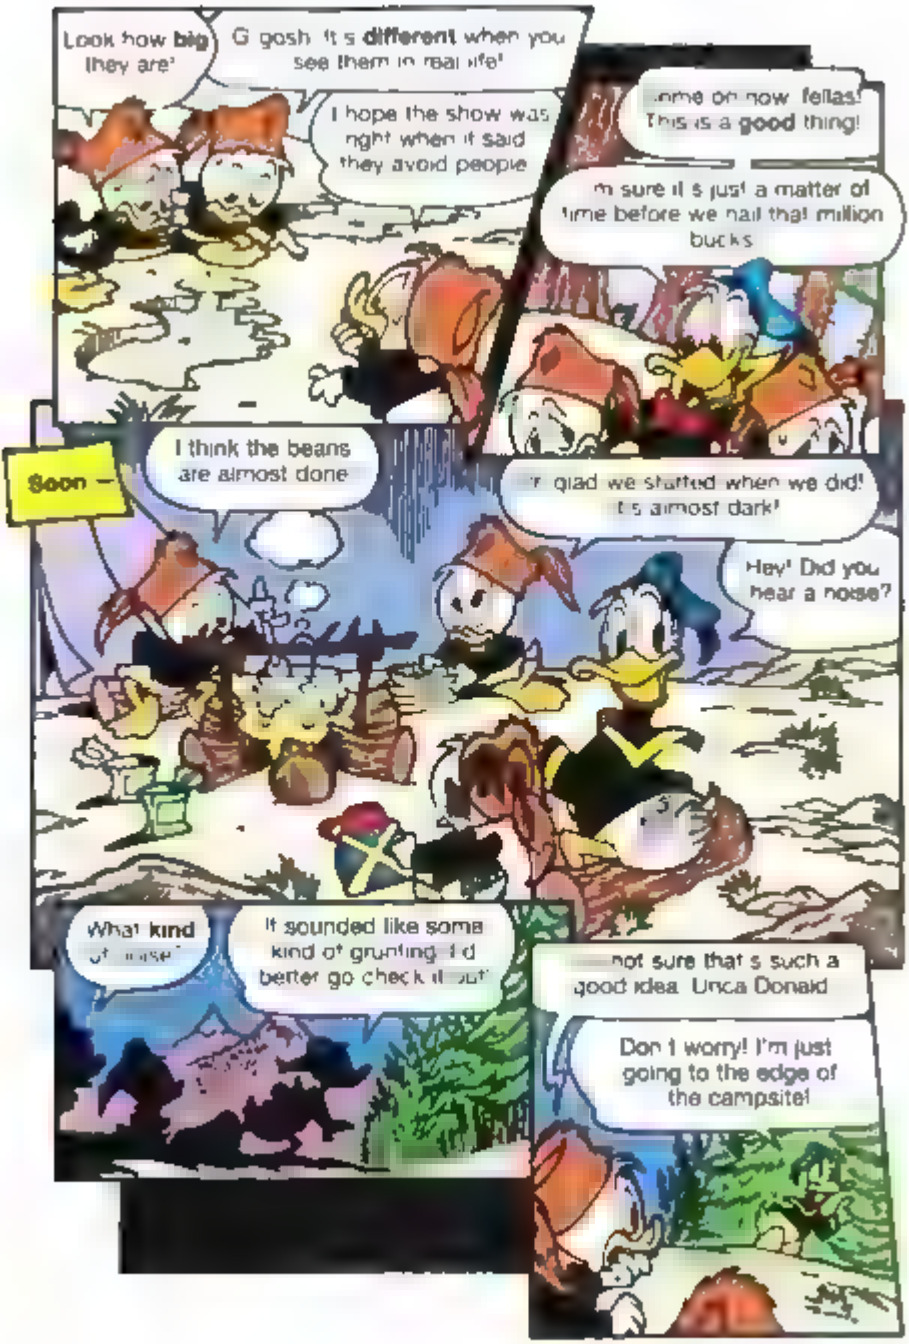
This is actually a pretty interesting show, Unca Donald!
Yeah! The question of whether a giant, man-like creature roams the Pacific Northwest is one of the greatest **mysteries** of all time!
Well, if that phony film is the main evidence, the only mystery is why **anyone** believes it at all!
It's not just the film! There are Indian legends that describe a Bigfoot-like animal called "sasquatch"!
And unidentified tufts of hair caught on bushes and trees!
And huge foot prints in the forest!
Bah! In **my** opinion, the whole phenomena is a prime example of mass hyst...
Shhh! The show's back on!
The question of whether Bigfoot exists has **yet** to be settled, and at "Questions and Mysteries" we want to know as much as anyone!

That's why we're offering a **million dollars** to anyone who can present us with conclusive proof that Bigfoot is real!
Contact us if you have genetic evidence, an authentic film or, best of all — the creature **itself!**
Wow! A million dollars!
Y'know, with our Junior Woodchuck expertise, I bet we'd have a **crack** at it!
Yeah, but Unca Donald thinks the whole thing's bunk!
We're out of the game! Unless a Bigfoot shows up in the back yard!
On the contrary, boys! There's nothing worse than a narrow mind! Especially if it costs you money!
Pack your gear and don't forget the **cam corder**! We leave for the countryside in the morning!



The next day –
Here you go, sir! One gorilla suit!
Perfect! I'll need it for a week!
Almost done! Heh heh! One authentic Bigfoot coming up! At least, as authentic as **possible**!
Unca Donald! Where have you **been**?
The plane leaves in barely an hour!
Just getting together some last-minute supplies, boys!
After all it **pays** to be prepared!
Not long after –
I'm starting to understand why finding Bigfoot is so difficult!
Yeah! These woods would be hard to get through even if we **weren't** lugging camera equipment!
Maybe we ought to make **camp** soon!

The tent s up!
And the camera's ready!
Hmm Someone ought to go round up some firewood
Heh heh! Now that I m out of sight I'll just strap these on
t s time to provide the first evidence of the elusive Bigfoot!
Boys! Boys, come quick!
SOMP!
-look what I found
Gasp!
Tracks! Tracks of Bigfoot!



Look how **big** they are!
G gosh It s **different** when you see them in real life!
I hope the show was right when it said they avoid people
Come on now fellas! This is a **good** thing!
I m sure it s just a matter of time before we nail that million bucks
Soon –
I think the beans are almost done
r glad we started when we did! t s almost dark!
Hey! Did you hear a noise?
What **kind** of noise?
It sounded like some kind of grunting I d better go check it out
not sure that s such a good idea Unca Donald
Don t worry! I'm just going to the edge of the campsite!

Heh heh! I managed earlier to hide the gorilla suit behind this tree
don't know if this'll fool the TV people, but if the boys believe they've filmed Bigfoot, that's half the battle
At worst, I'll have myself some good, clean fun. At best, a million dollars
GROWL!
Omigosh! That must be the noise Unca Donald heard
Where the heck did he go?
GASP!

It's Bigfoot!
S- steady man! He doesn't seem dangerous
R-right
Dangerous or not we'd better start taping

This is amaz ng! He s just strolling around plain as day!
It's almost as if he wants us to film him
There he goes
Beautiful! I got the whole thing!
Oh, boy! This is going to be a world-wide sensation!

Hah hah
They fell for it
hook line and
sinker
I'll go running back and
tell em saw the whole thing,
but was too scared to come
out of the bushes
Snuk! just hope car

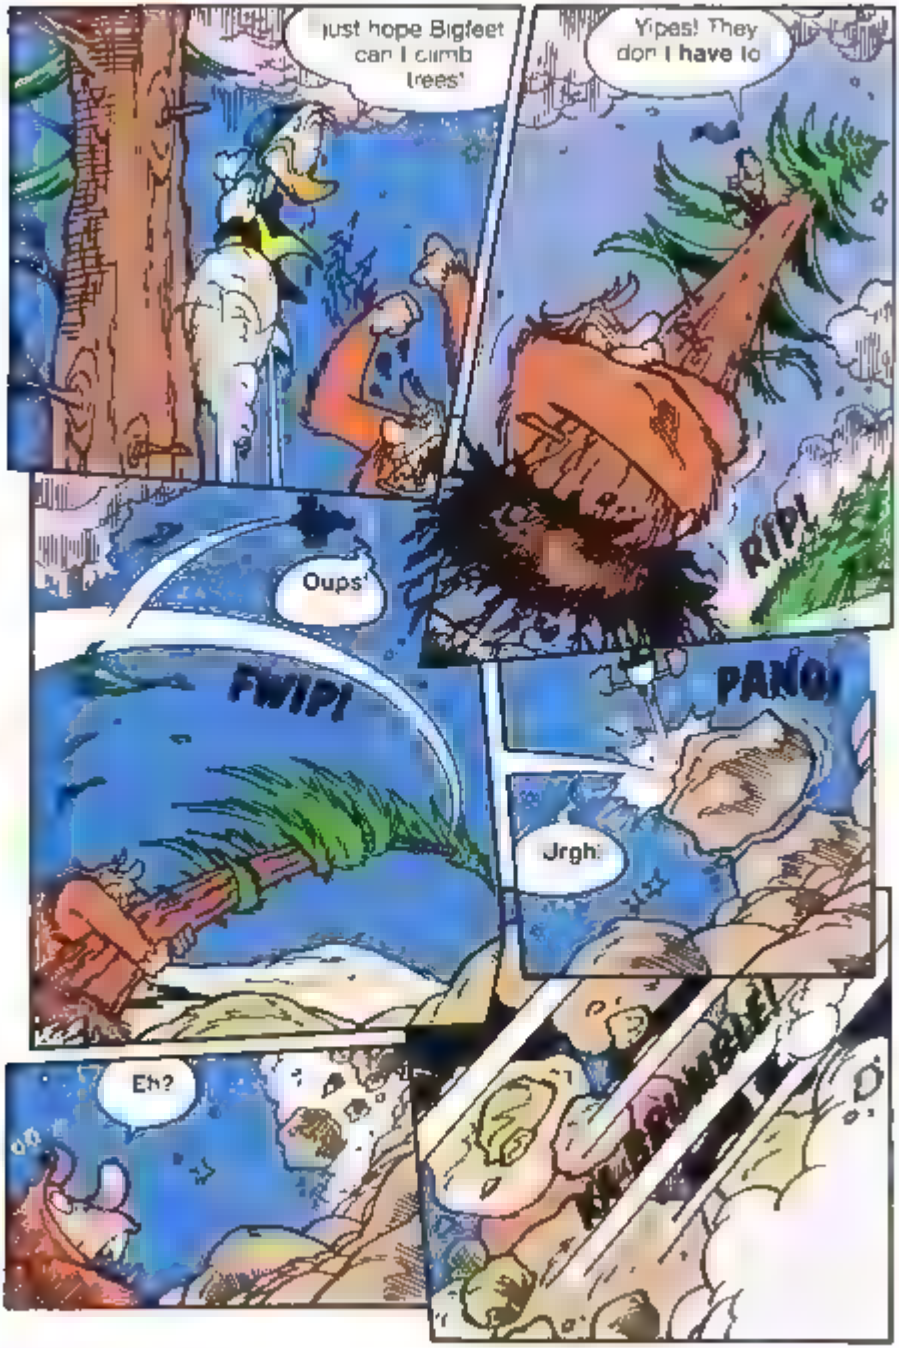
Umfl
Hey! Let go
of me!

Help! Let me down
Oof!
Ooh
My head. What just happened? Where am
Oh no! It's a
A real, live Bigfoot!

And even worse... think she's in love!
Gorp!
Look, I'm flattered, but this just isn't going to work out!
We really have **nothing** in common! You're a Bigfoot and I'm a duck!
Understand?
Urkle!
No, I guess you don't!
SMACK!
Listen, it's been a wonderful evening, but I think we should say goodbye now!
You see, I've already **got** a sweetheart, and...

Jip. Looks like you do, too
Rowwargh
You're making a mistake!
WHAM!
have a horrible feeling that's what it's going to say on my tombstone!
RAARGH!



Just hope Bigfeet can I climb trees!
Yipes! They don I have to
RIP!
Oups!
FWIP!
PAN!
Jrgh!
Eh?
KLRUMBLE!

What do you know? wor
That was exciting but really ought to go' m sure my nephews are worried sick
d be much obliged ma am f you showed me the way back
Back ? nderstand ?
Jip How am I going to get out o this one?
SMACK!
Awk!

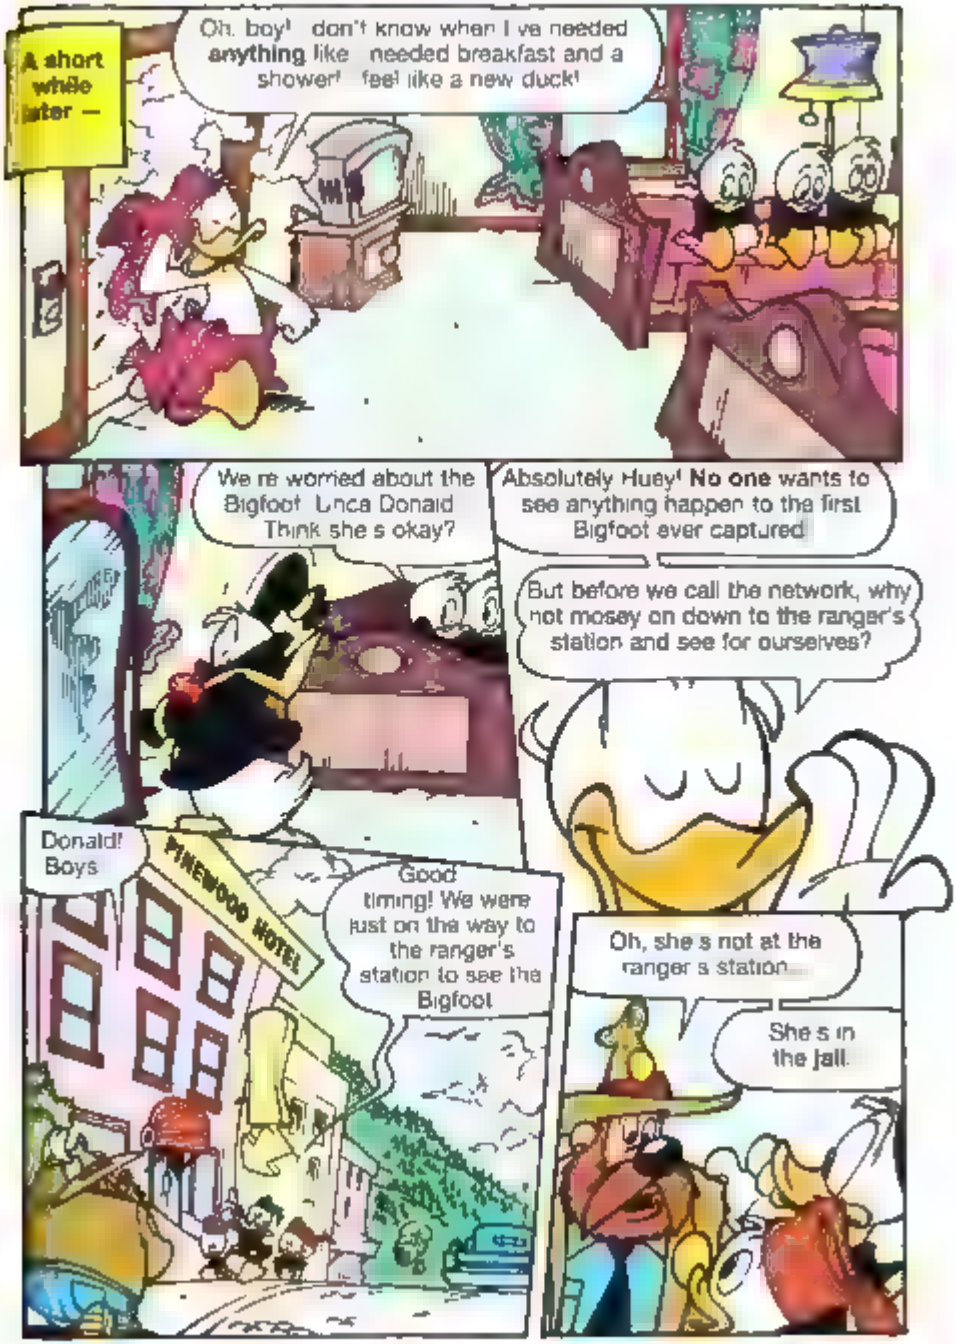
Next morning finds the boys at the ranger station in the nearby town of Treestump —
We searched every where and this is all we found
Hmm! Your uncle has some odd notions of what ya need t survive in the wilderness!
Well we came out here looking for proof of Bigfoot!
Our uncle must've brought the gorilla costume to play a prank
Maybe he's still playin one! He's probably in a hotel by now
Unca Donald might trick us into thinking he was Bigfoot, but he wouldn't just disappear!
Well, prank or not, from what you've told me it sounds like there's reason to be concerned!
Headquarters? This is Treestump! I've got a missing person to report!
A big search is conducted but
No luck today fellas We must have to try again tomorrow!

As Donald is finding out, they don't call it the "elusive Bigfoot" for nothing —
Hey! This way!
Drat! We're so well hidden it doesn't even occur to them to look here
My nephews must be worried sick! As a matter of fact, I'm not so good myself!
Got anything to eat?
Gorp!
What? You eat logs?
Or maybe not
Mmm!
G-grubs? Choke! I'll pass.
RIP!

A week passes, and the situation only gets worse —
Nothing to eat, no relief from the cold and damp.. I'm not sure I can last much longer!
But if you really loved me, you'd take me back where I belong!
SMACK!
Yeah I know! You love me!
Please Ms Bigfoot. Before it's too late!
And so —
Sigh!

Meanwhile, back in town —
I'm sorry fellas, but it's been a week... don't know what else we can do
What about the campsite? Let's just check it one more ... time
Soon —
Still no sign of him. Believe me... I'm at least as disappointed as you!
Hey. There's some thing in the bushes over there
Unca Donald!
Huey, Dewey ... Louie
My gosh, Unca Donald. Where've you been?
Bigfoot! I've been with Bigfoot!
Bigfoot, huh?
Not the one we taped, I hope
I admit, I tried to pull one over on you, but this was real!
There, there, Unca Donald! After a week lost in the woods, I'd be seeing Bigfoot too
BUMP!

Holy cow, chief! You'll never believe it!
I just bagged me a Bigfoot!
Omigosh! is she.
Naw! I shot her with one of the tranquilizer darts we carry in case we meet a bear!
Come on! Let s get er in the truck!
How much did you say that TV show was offering ?



A short while later —
Oh, boy! I don't know when I've needed anything like I needed breakfast and a shower! I feel like a new duck!
We're worried about the Bigfoot. Unca Donald. Think she's okay?
Absolutely Huey! No one wants to see anything happen to the first Bigfoot ever captured.
But before we call the network, why not mosey on down to the ranger's station and see for ourselves?
Donald! Boys!
PINEWOOD HOTEL
Good timing! We were just on the way to the ranger's station to see the Bigfoot.
Oh, she's not at the ranger's station...
She's in the jail.

This s Sheriff Lawman fellas!
Congratulations, men! ve heard of Bigfeet all my life but never thought d be taking care of a live one!
Gosh Do you really have to keep her in a jail cell?
She's an awful big animal son!
It s for her safety as well as ours!
Here she s
H hello Bigfoot! Remember me?
Gorp?

Gorp!
That s right! t s me! Your friend
Gurkle!
No no can t let you out
guess not
Here! Maybe she d like something to eat
What do you think? Hungry?
Sob!
She probably just needs to get comfortable
And to have some food she s familiar with! I know what she likes I ll go and find some right now

So when are those TV folks gonna get here?
Gosh I don't know! I haven't called them yet
Well what are ya waitin' for? Here! Use my phone
Oh. Alright
Boy are they excited. They'll be here first thing in the morning!
Hot dog! This'll sure put Treestump on the map
And of course you understand you'll owe a certain percentage of that prize money to the Sheriff's office!
And the Ranger's station
Of course
I didn't like seeing her in that cell. But as soon as the network's done we'll make sure they let her go!
Are you kidding? Once she's on TV they'll put her in a zoo somewhere!
Forget the money! We've got to set her free!

Easy for you to say! You didn't spend a week nearly starving to death in a cave.
You're not the person we thought you were, Uncle Donald.
When you get that check, see if you can buy a conscience!
If you want to forget the money, go right ahead! But I've been through too much to toss a million bucks down the drain!
Not long after –
They can carp all they want about how much they care for the Bigfoot, but I'm the guy who does the work.
These ought to perk her up! Just because she looks kind of like a gorilla doesn't means she eats like one!
Hey, what's that?
CRACKLE!
ROAARH!
Waak! Not you again!

Li-listen, buddy! Can t we just let bygones be bygones?
Grrr!
Snork!
BAAAW!
There, there! It'll be al right I have a feeling she misses you, too!
Well, I say
Sigh! I'm not sure it's worth being responsible for this much pain and misery!
Even for a million bucks!
OWOOOOO

That night ...
G'night, boys! I'm going to check on the Bigfoot one more time
Your concern is touching, Uncle Donald!
Yeah! Make sure she looks her best for the cameras
Not to mention the zoo!
The sheriff went home to get some rest! Says he wants to look good on TV tomorrow!
Makes sense! He told you I'd be needing the key to her cell and her shackles, didn't he?
No
We were thinking she might eat better if the chain is not on
Psst... it's me
Whatever! If it's okay with him, it's okay with me!
Thanks, officer! I'll drop 'em off on the way out!

I'm going to try and get you **out** of here. We don't have much time, so listen carefully!
First to get back in costume. I've sure gotten my money's worth out of **this** little number.
Next, you put on **my** clothes. I know they're kind of small, but we'll have to make the best of it.
Now, take this key and give it to the cop at the desk. Let's just hope there's something **good** on TV!
So it looks —

Thanks!
Everything all right back there?
Gorp!
Gorp"? That almost sounded like
Naw
What about that. The Bigfoot is free –

The next morning ...
Where d Unca Donald disappear to?
Probably wanted to get an early start running up his credit card!
Hello, fellas. Is Donald Duck around?
Oh my gosh! It's the host of Questions and Mysteries!
That's right! I'm here with our camera crew. And a check for a million dollars!
But first, I've got to see that Bigfoot!
You'll find her in a cell at the Sheriff's station! That's where our Unca Donald last went as well
Soon ...
Welcome to this historic "Questions and Mysteries"
in front of the Sheriff's station Treestump, where in a few minutes we'll see stunning verification of Bigfoot's existence!

The finder of this legendary creature and claimant of the million-dollar reward is one Donald Duck who we're expecting shortly
And here are his nephews Huey Dewey and Louie What a brave bunch of boys
Ranger Atkins as caretaker his beast for almost 24 hours do you have any insights to share with us?
Well she don't eat much!
Amazing I think it's time we have a look at it don't you?
Absolutely! Right this way!
Viewers this is an historic moment! You are about to see the first close-up footage of a captive Bigfoot
Oh no! Cut! Cut!

Snorkle!
Grunt!
Sheriff, give me that key
Just as suspected!
This isn't a real Bigfoot it's a duck in a gorilla suit!
Heh!

Something happened I tell ya
That doesn't look anything like what was in there last night!
I don't know whether you thought that cheap stunt would fool us or not but it actually found you!
Why that duck had better have an explanation for his
Hey! Where's he?
Meanwhile –
But Junca Donald! The airport's at least miles from
We've got no choice! The Sheriff and Ranger Atkins will be watching every road out of town

But our plane leaves in just a few hou's Part ' We'll never ke

Omigosh! The Bigfoot

You mean the mystery of Bigfoot?
No!

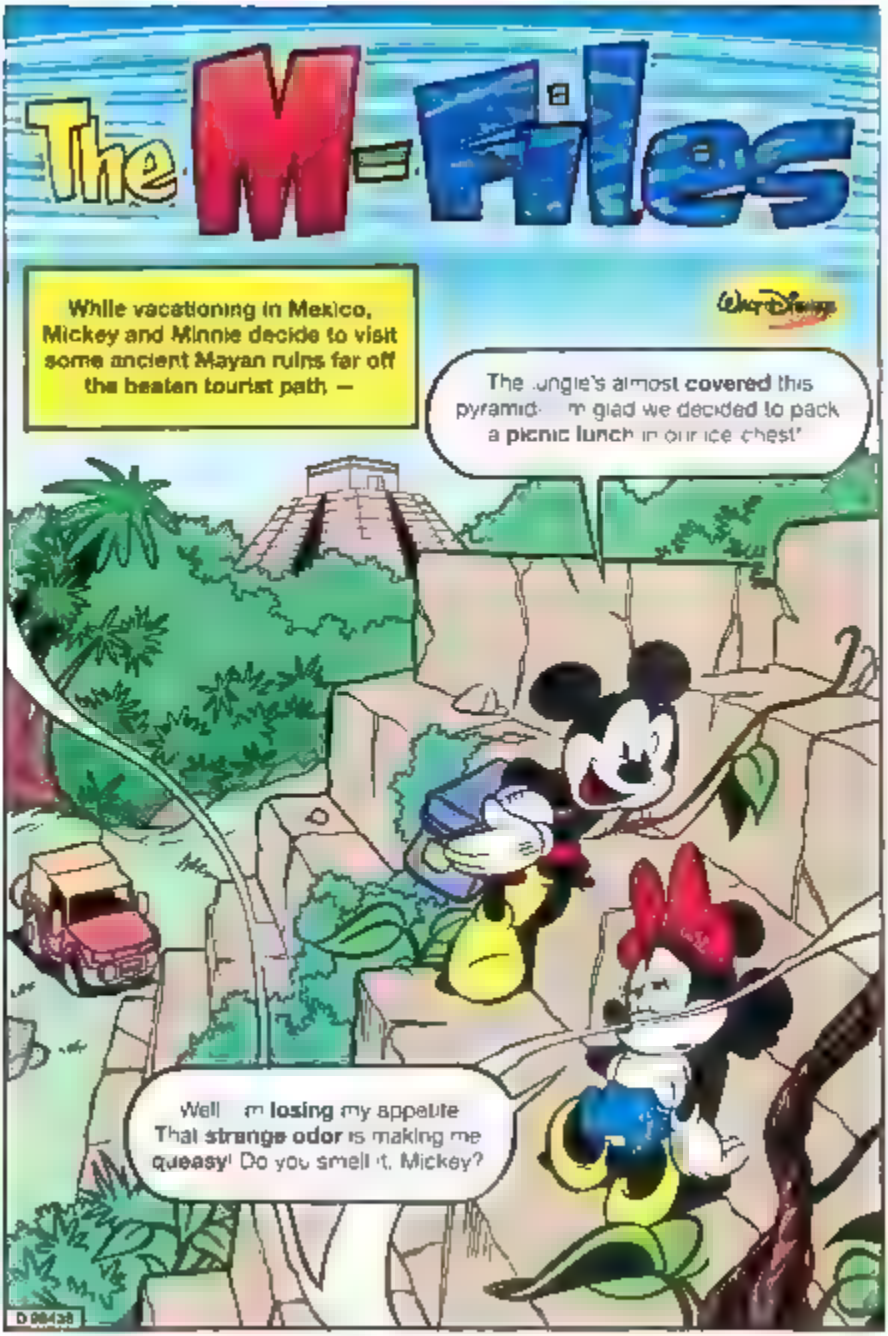
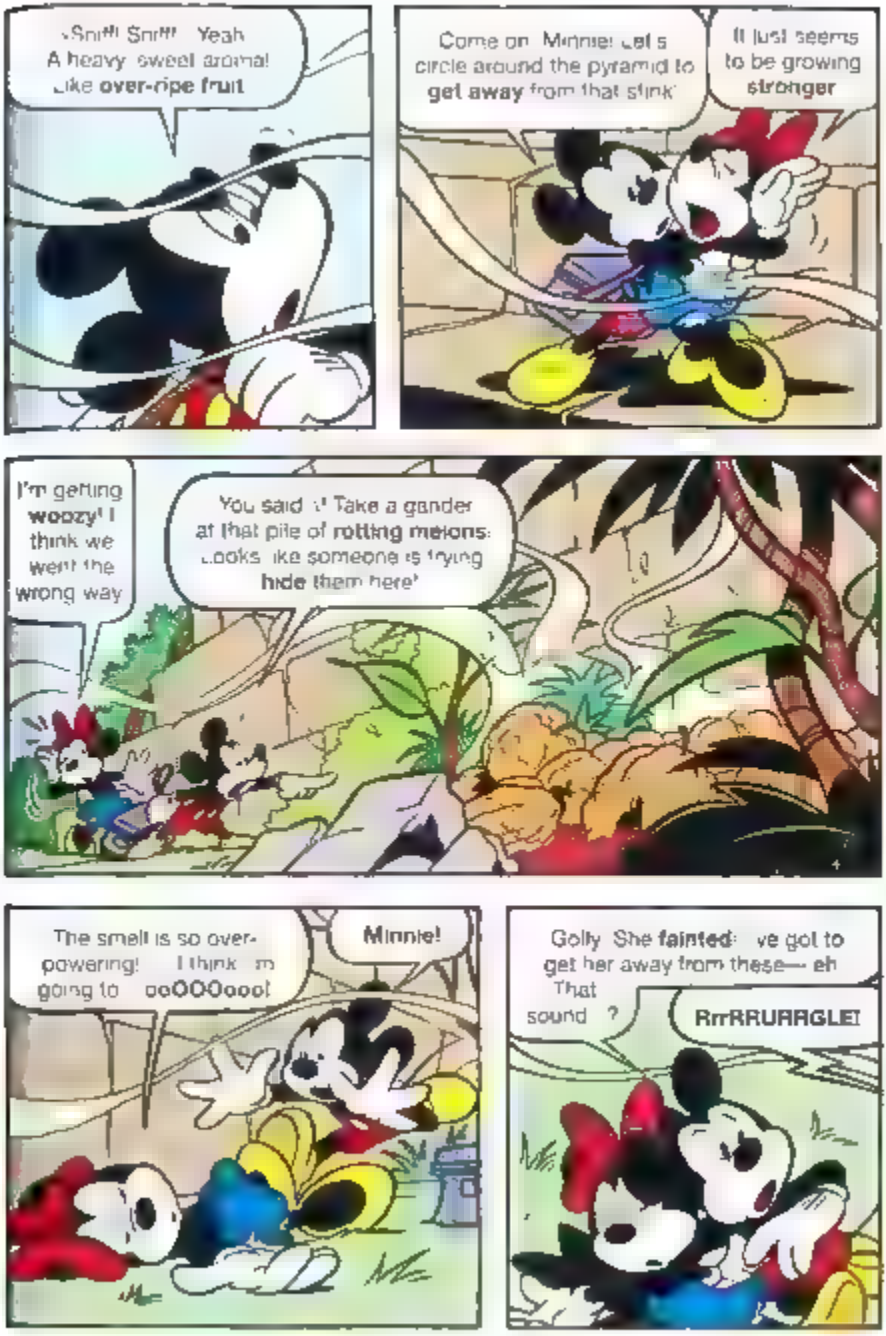
END



The M-Files
While vacationing in Mexico, Mickey and Minnie decide to visit some ancient Mayan ruins far off the beaten tourist path —
Walt Disney
The jungle's almost covered this pyramid... I'm glad we decided to pack a picnic lunch in our ice chest!
Well... I'm losing my appetite. That strange odor is making me queasy! Do you smell it, Mickey?
D 98438



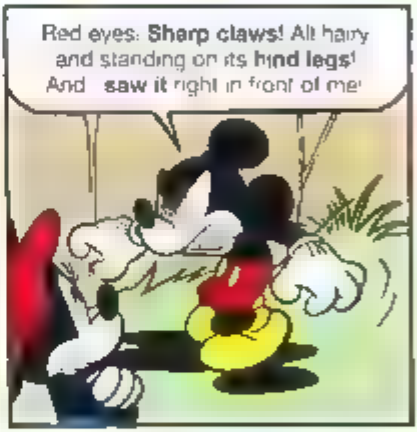
Sniff! Sniff! Yeah
A heavy, sweet aroma!
Like **over-ripe fruit**
Come on, Minnie! Let's circle around the pyramid to **get away** from that stink!
It just seems to be growing **stronger**
I'm getting **woozy**! I think we went the **wrong** way
You said it! Take a gander at that pile of **rotting melons**: Looks like someone is trying **hide** them here!
The smell is so over-powering! I think I'm going to... ooOOOooo!
Minnie!
Golly! She **fainted**! I've got to get her away from these— eh? That sound...?
RrrRRURRGLE!

Holy cannoli! Who the heck is that?
Grrarrg!
I've never seen anything like it! Look at the way it's munching that cantaloupe!
Gurg! Yum
Perhaps it kept those melons here? Oh-oh! It's spotted me
RrrRRG
Heh! Easy, fellah! I won't hurt you! Let's be friends! Okay?
Rrrrfle?
Atta boy! That's the idea! I'm your pal!
Mmmm

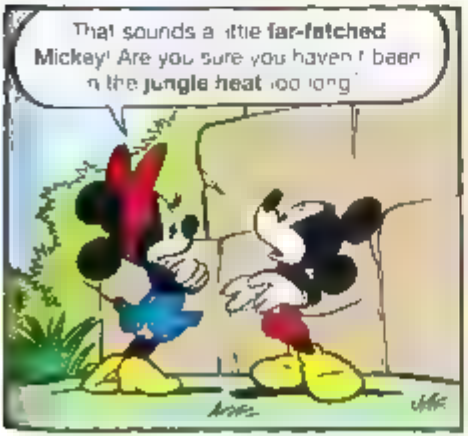
Mickey? I must just have **passed out!**
Whoa Stay **calm!**
WRORRG!

!
POOF!

Mickey! Who were you **talking** to? What's going on?
There was this **weird beastie!** When you woke up it **disappeared!**



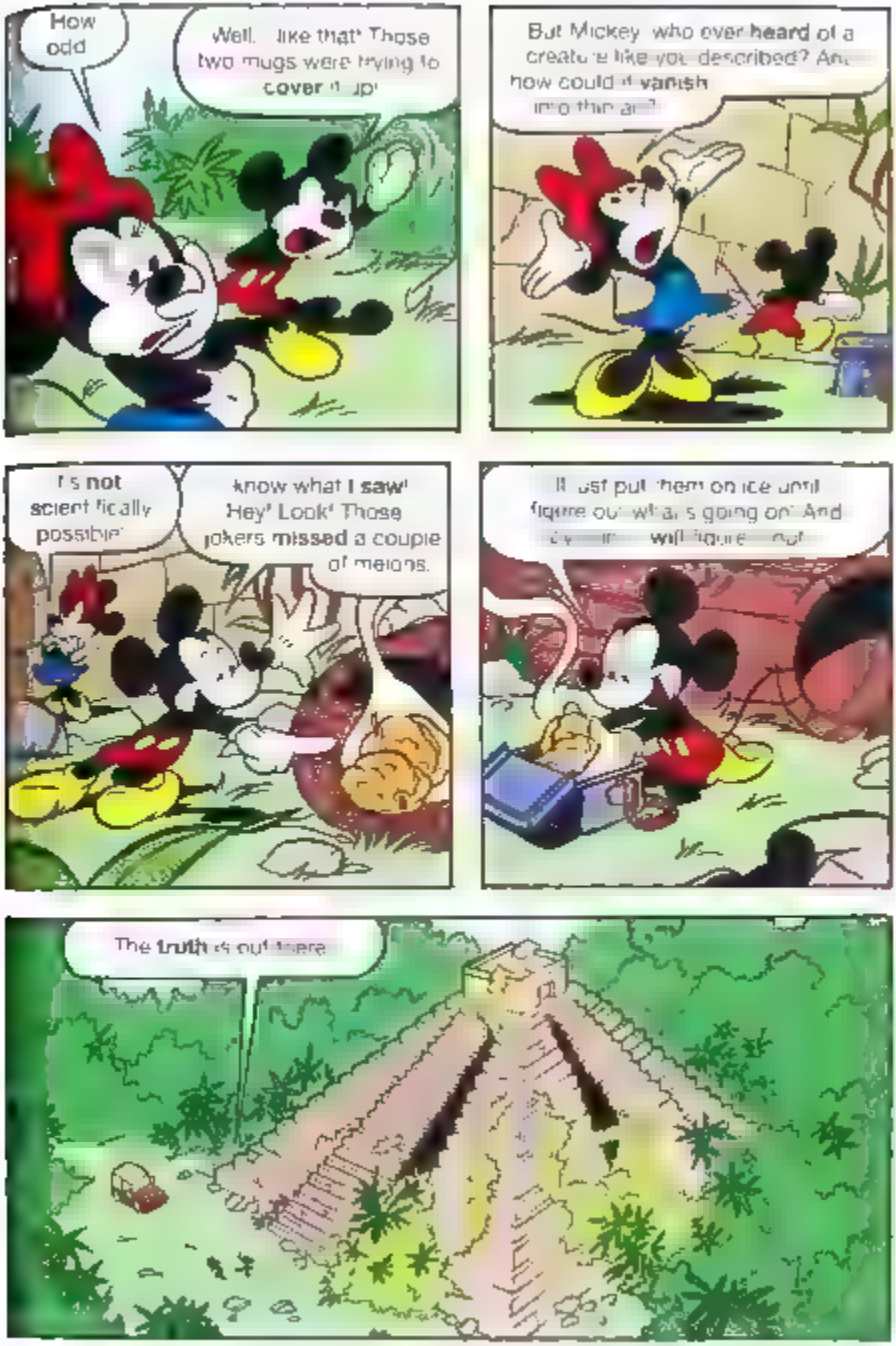
Red eyes! **Sharp claws!** All hairy and standing on its **hind legs!** And I **saw it** right in front of me!



That sounds a little **far-fetched** Mickey! Are you sure you haven't been in the **jungle heat** too long?

Minnie I'm telling you— Huh? **Now** what?
YAAA-ROOOW!

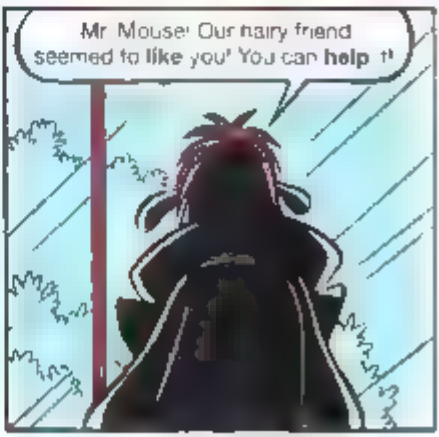
Stay where you are! Don't move!
Who are you?
Never mind. Listen carefully! You didn't see anything! Got it?
That creature — the one you didn't see and doesn't exist — was uh... a Mexican puma! Yeah. That's it.
Or else you were imagining things.
Yeah! Next you'll tell me it was swamp gas!
Good thinking. That's just what it was.
And you never saw any melons either.
No? I sure smelled 'em!
Don't say anything about this to anyone if you know what's good for you.
VAA-ROOOM!



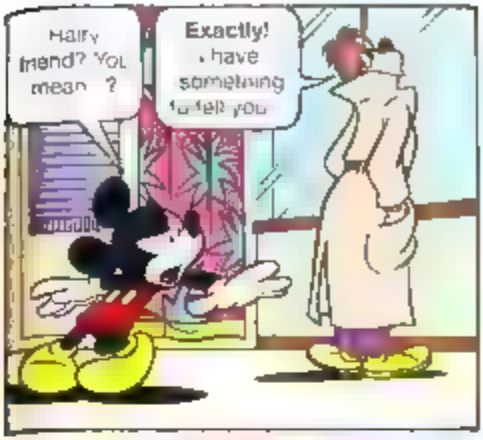
How odd
Well, like that! Those two mugs were trying to cover it up!
But Mickey, who ever heard of a creature like you described? And how could it vanish into thin air?
It's not scientifically possible!
I know what I saw! Hey! Look! Those jokers missed a couple of melons.
I'll just put them on ice until I figure out what's going on. And I will figure it out.
The truth is out there.

Later at the hotel
Hang on a sec, Mickey. I want to check the front desk for messages. Be right back.
Fine. Minnie! I'm still trying to wrap my mind around this **crazy** business!

Think, Mick, **think**. What could be so **important** about rotting fruit? And where did that beastie go?

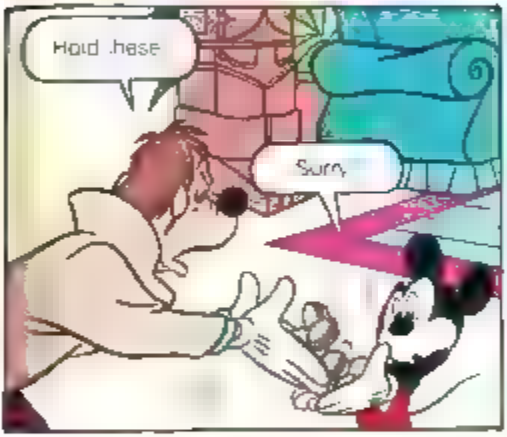


Mr. Mouse! Our hairy friend seemed to **like** you! You can **help** it!



Hairy friend? You mean ?
Exactly! I have something to tell you

Follow the melons!



Hold these
Sure,

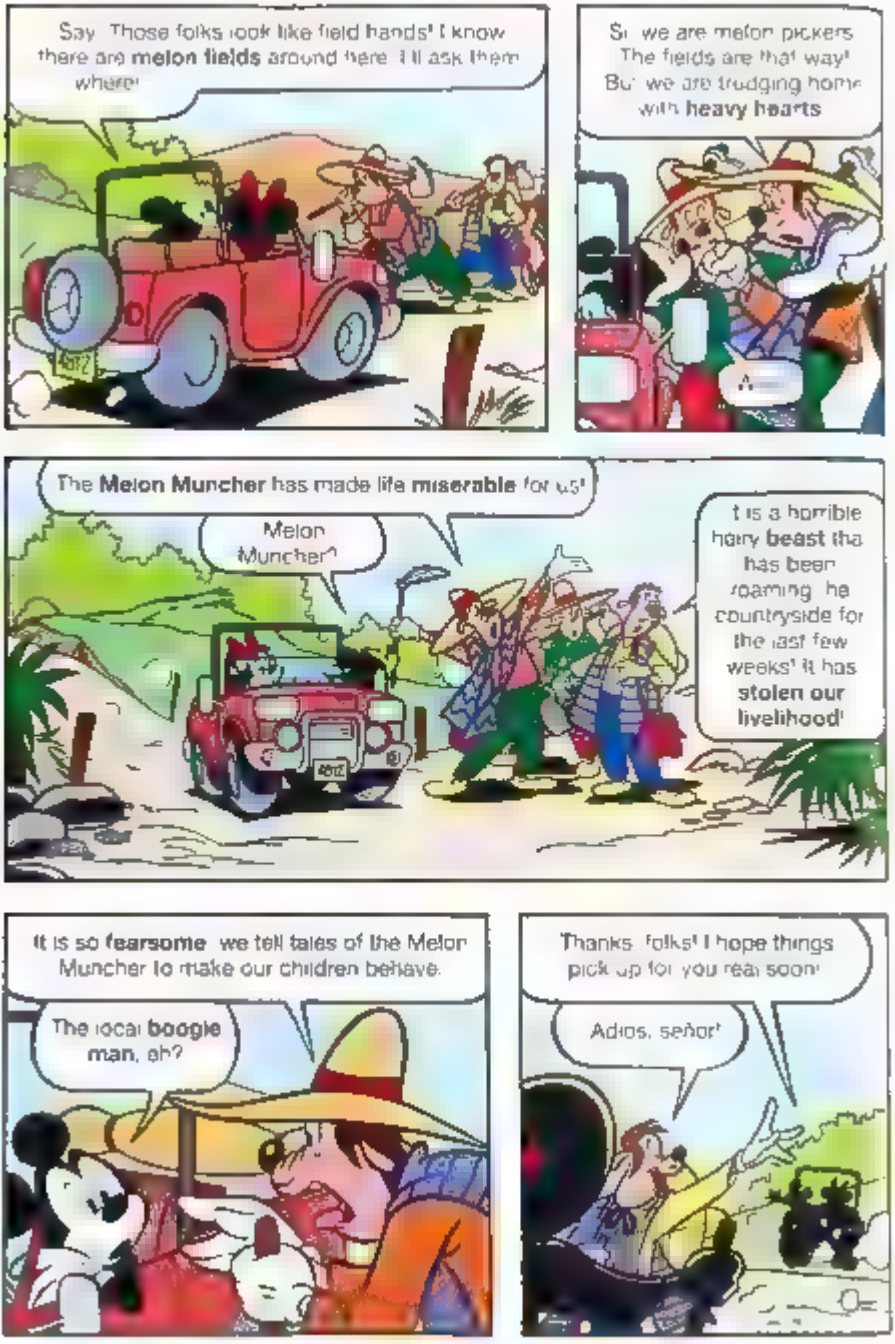
Walnuts?
Here in my pocket I have— Oh! Hold these too!

More walnuts
somewhere here I'm sure I put it Ah!

Take this
How? My hands are full bub!

Oh! Sorry! Here! Just let me.
Hey! Watch it! You're spilling walnuts all over the floor!
Now. Take this! That's all you need to know
don't get! Who are you What am supposed to do?
Find our friend! Destroy the M Files. Follow the melons!
Minnie! Come quick. This guy seems to know everything
What do you mean, Mickey? What guy?
He's gone! Vanished! And nothing to show he was here except walnuts scattered on the carpet!

Early the next morning
I'm telling you, Minnie – it was strange. The walnut-eating man first spoke to me without even looking at me!
He probably saw your reflection in the window! If that is, he was there at all
Aw, c'mon! Don't you believe me?
I'd like to. But I didn't see him!
And it's just not scientifically possible for someone to disappear in the wink of an eye!
He gave me this paper! That proves he was there!
Barely! What did your "Walnut Eating Man" scrawl on it?
Er... just a couple of numbers! Nothing else
>Hmph< So where are we headed now?
We're going to do what he suggested, Minnie — follow the melons.



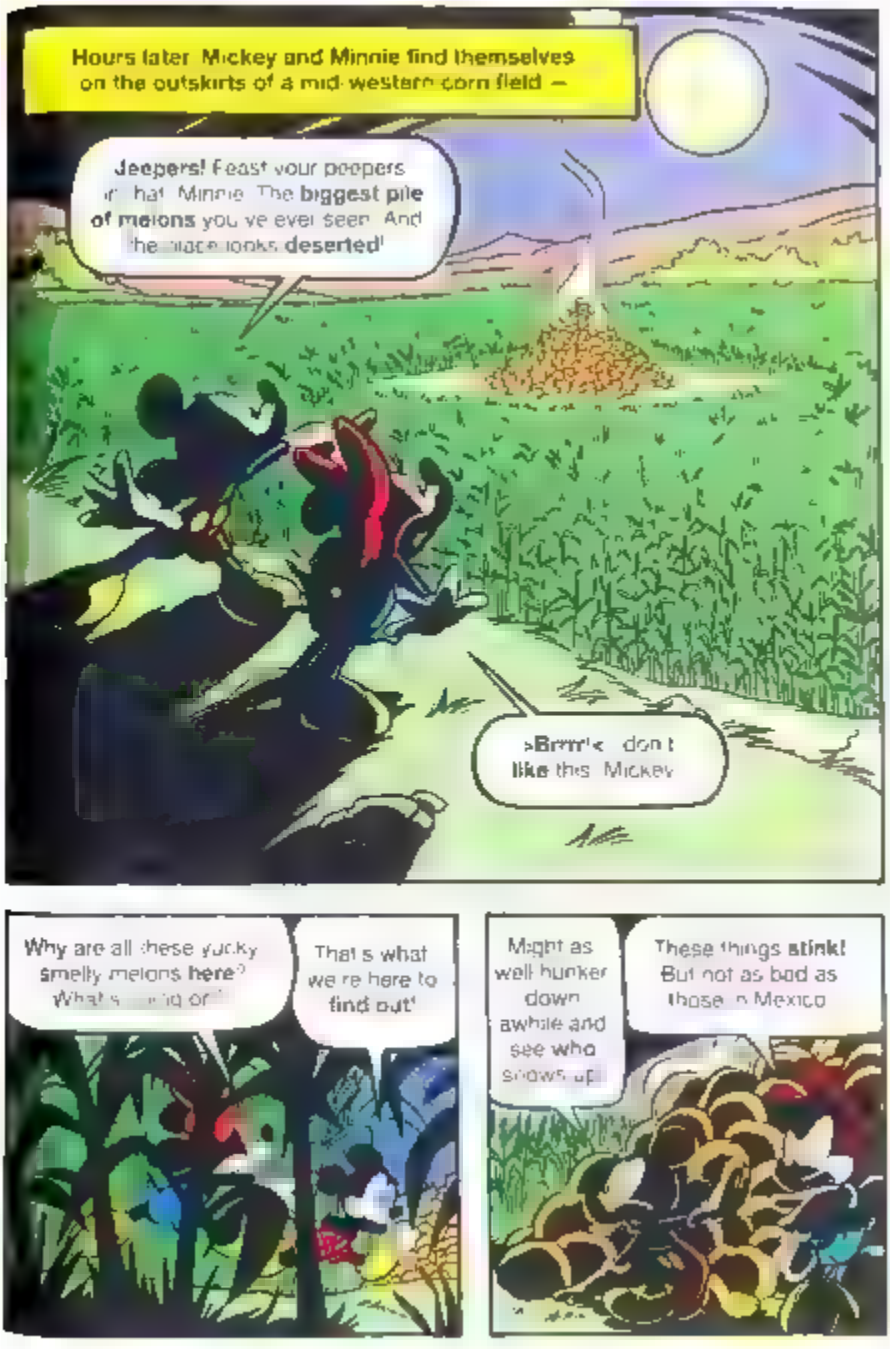
Say! Those folks look like field hands! I know there are **melon fields** around here! I'll ask them where!
Si, we are melon pickers. The fields are that way! But we are trudging home with **heavy hearts**.
The **Melon Muncher** has made life **miserable** for us!
Melon Muncher?
It is a horrible hairy **beast** that has been roaming the countryside for the last few weeks! It has **stolen our livelihood**!
It is so **fearsome** we tell tales of the Melon Muncher to make our children behave.
The local **boogie man**, eh?
Thanks folks! I hope things pick up for you real soon!
Adios, señor!

Shortly, Mickey and Minnie talk to the owner of the melon plantation
superstitious
Then where did all the melons go?
Why, I sold the entire harvest to men in black suits!
They came and loaded all the melons onto trucks and drove away
Jollyhouser and Jollyhouser!

Back at the hotel
Gosh, Minnie! Searching the internet for clues to this mystery **seemed** like a great idea! But you've been at it all day, and I'm with both
Hold on, Mickey. **Here's** something interesting
m getting reports of frantic activity in the past week **throughout** the international melon market
How bewildering! Seems there's been a worldwide **run on melons**
Does this mean the **price** of melons has gone through the **roof**
No! You see, you **can't** inflate the value of a commodity that's no longer in circulation
What do you mean?
There's not a melon to be had **anywhere** on Earth for **any** price
!

The next day —
I tell you Minnie, this thing's driving me nuts. There's a big conspiracy going on' I'm sure of it.
Can't you take your mind off it by doing a little shopping? I know I can.
Find the melons
the Muncher
The Walnut-Eating Man
Destroy the M Files?
Now just a cotton pickin' minute. Why are you so vague? What are the M Files?
And what are the numbers on this note supposed to mean
Whoops! I made a teensy weensy goof. These numbers are a position of latitude and longitude.
I... er... heh heh... forgot to write the degree marks!
Fat lot of help you are

So you're saying if I go to this location... I'll find... uh... what?
Hey! He's gone. Right into thin air. Aw, crimmy! Not again!
Mickey! Who are you talking to?
That walnut chomping character! But he pulled his old vanishing act!
Well, what did he want?
He says we should follow these coordinates if we want to get some answers. And that's just what we're gonna do.
And in two shakes of a mouse's tail, our heroes are on a north-bound plane —
I don't understand, Mickey! What could there be of interest in the middle of rural Kansas?
You got me, Minnie. But I... bet it isn't breathtaking scenery!

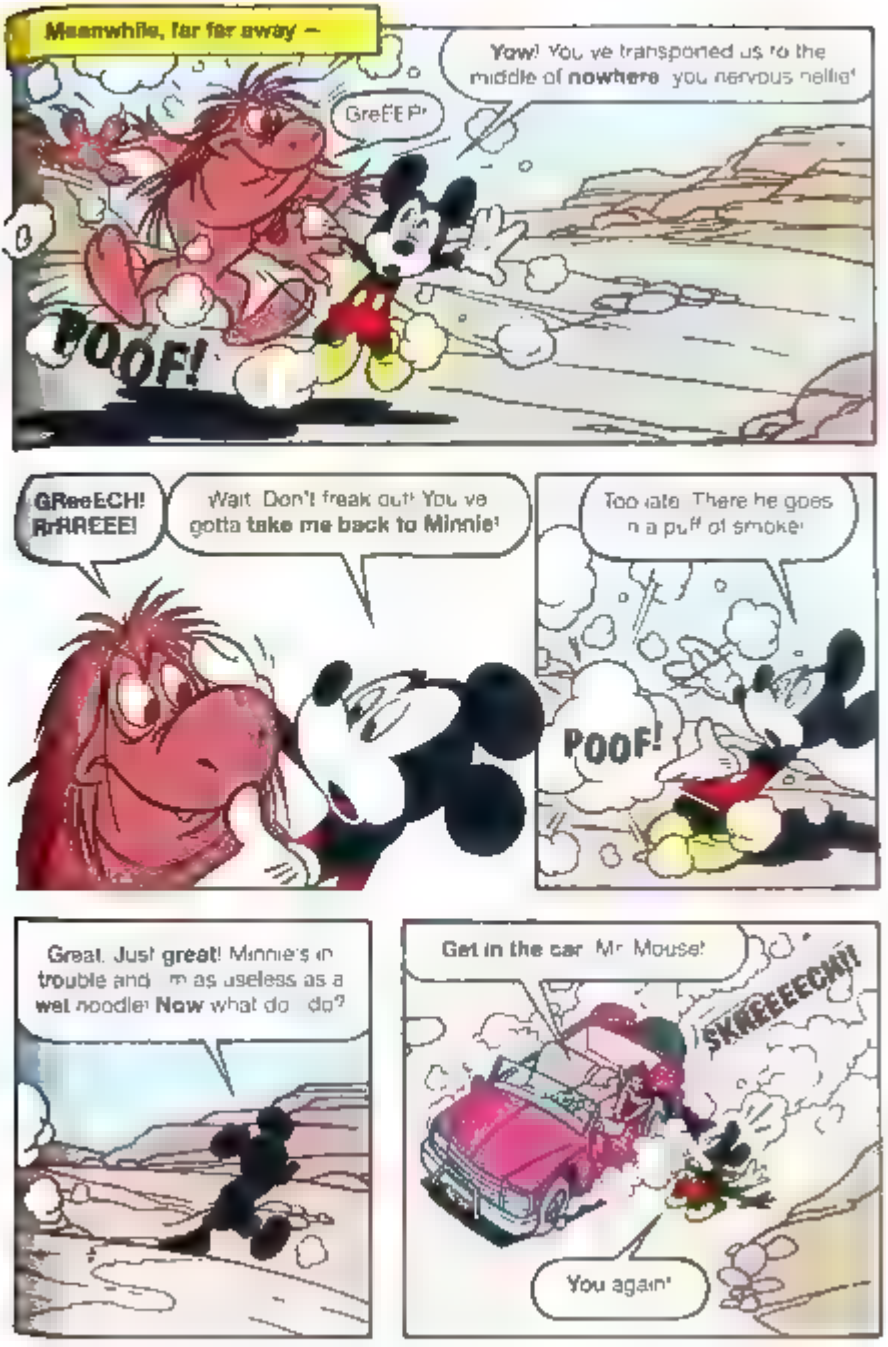


Hours later. Mickey and Minnie find themselves on the outskirts of a mid-western corn field —
Jeepers! Feast your peepers on that, Minnie. The biggest pile of melons you've ever seen. And the place looks deserted!
>Brrrr< don't like this, Mickey.
Why are all these yucky smelly melons here? What's going on?
That's what we're here to find out!
Might as well hunker down awhile and see who shows up.
These things stink! But not as bad as those in Mexico

Shortly —
POOF!
Aha! Just as I thought! It's our old friend the Melon Muncher!
Gasp! It does exist!
Glorrg
Wow! It must be able to teleport itself from place to place!
Maybe he can sense where melons are!
Hey there, boy. Steady... won't hurt you!
Careful, Mickey.
Look, Minnie! He's coming to me! He likes me!
Grruple? Chirrup!
Aw! he took my hand! How sweet!
Mickey! Hear that? It sounds like

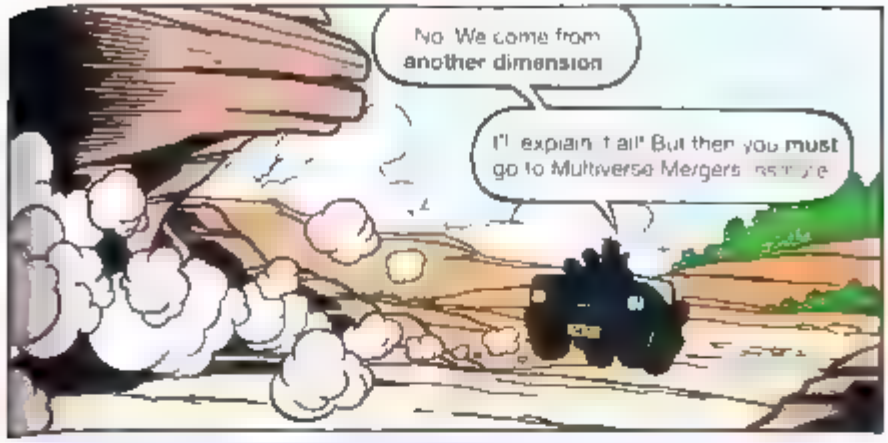
FWIP! FWIP! FWIP! FWIP!
FWIP! FWIP!
...HELICOPTERS.
SqueEEEEEE!
Black as midnight and twice as spooky! They're after us! Run for it!

GaarRRIEEE!
Don't panic, Pelian! We've got you. And whatever you do, don't
POOOOFF!!
Mickey! He disappeared into the Muncher maze all alone
Got to get Wa[illegible] hope I can!
Halt! Stay where you are!
There is no escape! You are our prisoner now.

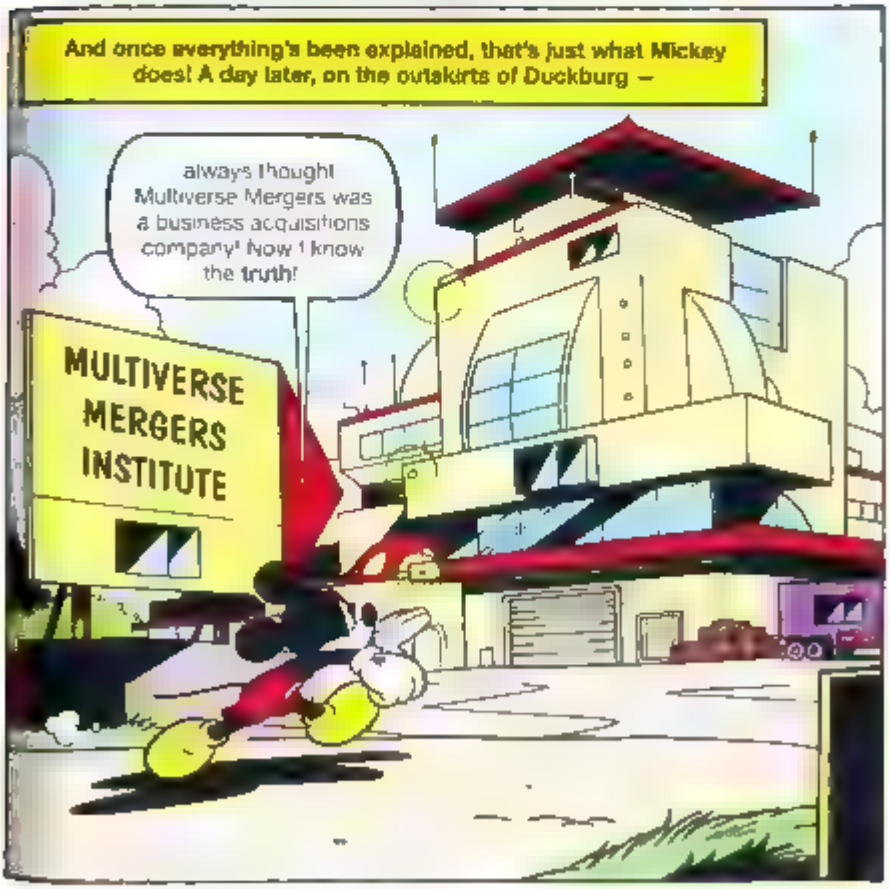


Meanwhile, far far away —
Yow! You've transported us to the middle of nowhere, you nervous nellie!
GreEEP!
POOF!
GReeECH! RrRREEE!
Wait! Don't freak out! You've gotta take me back to Minnie!
Too late! There he goes in a puff of smoke!
POOF!
Great. Just great! Minnie's in trouble and I'm as useless as a wet noodle! Now what do I do?
Get in the car, Mr. Mouse!
SKREEEECH!!
You again!

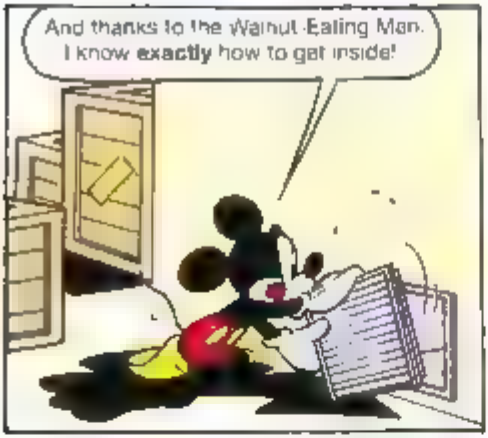
»Awp!« Your front seat is filled with walnuts
Big duh! Get in the back!
So! What's the game? Where's Minnie?!
The M Files hold the answer! Destroy them! Go to Mult verse Mergers
Hold it right there! I've had it with these cryptic little hints! You know more than you're telling and I want to hear it all! Start talking!
Please Calm down! You look so irritated!
How do you know what I look like? You can't even see me
Oh, but I can!
Yipe!
Say, you're not from around here, are you?



No. We come from another dimension
I'll explain it all! But then you must go to Multiverse Mergers Institute



And once everything's been explained, that's just what Mickey does! A day later, on the outskirts of Duckburg —
always thought Multiverse Mergers was a business acquisitions company! Now I know the truth!
MULTIVERSE MERGERS INSTITUTE

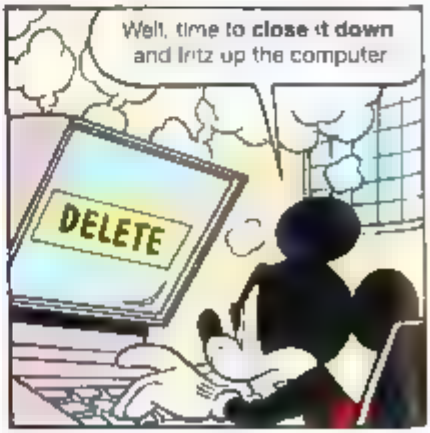


And thanks to the Walnut-Eating Man, I know **exactly** how to get inside!

This **air duct** should take me right to where I want to go!

Now I'm in the **research lab** and nobody's here! So far, so good!

This must be the **portal** to my friend's **dimensional world**! Jeepers, it's kinda **creepy**



Well, time to **close it down** and fritz up the computer

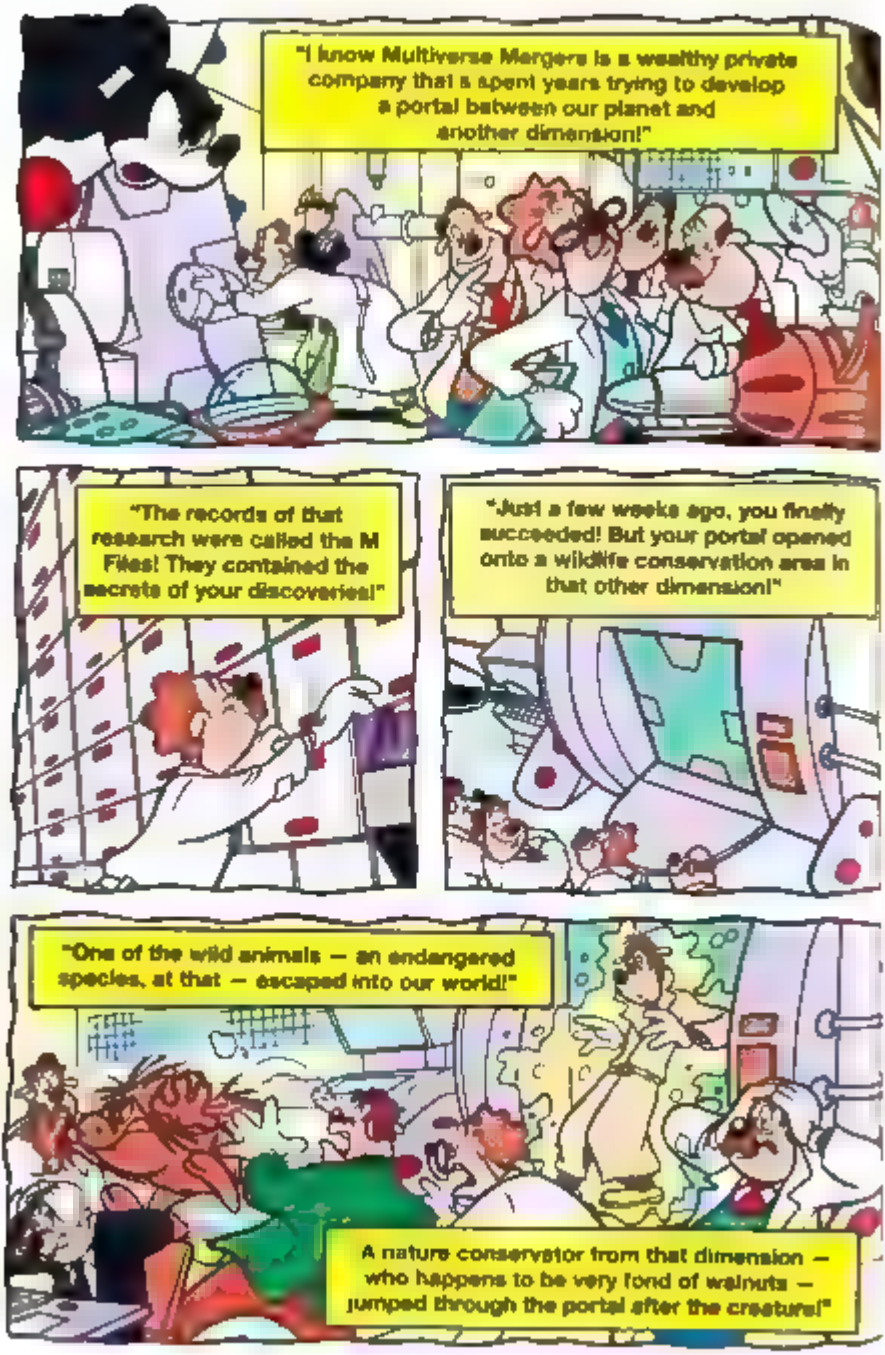
RESEARCH LAB 1 TOP SECRET
Gosh! This place is like a maze! Hope I'm going the right way!
Omigosh! Someone's coming! I can't afford to be caught yet!
Any luck, Doc?
I'm afraid not. But it's just a matter of time!
Don't worry! You'll catch that hairy critter!
>Whew< That was close! I just need my luck to hold out a little longer.
AUTHORIZED PERSONNEL ONLY
Well, pickle me and call me Dill! I've found 'em!

THE M FILES!
Well, better get to work. I've got a big job ahead of me before
raise a ruckus

A while later —
Holy Fudd! The alarm!
It's the "Authorized Personnel Only wing!
Some one has breached the M Files
Gracious! This is a calamity!
Hiya, fellahs. Looking for your M Files? Guess what? We just shredded them!
Apprehend that miserable rodent!
And wiped out your computer banks and dimensional portal as well! Put that in your pipe and smoke it!
Oh no. All our hard work gone!
Do you know what you've done?
Sure! I know everything now



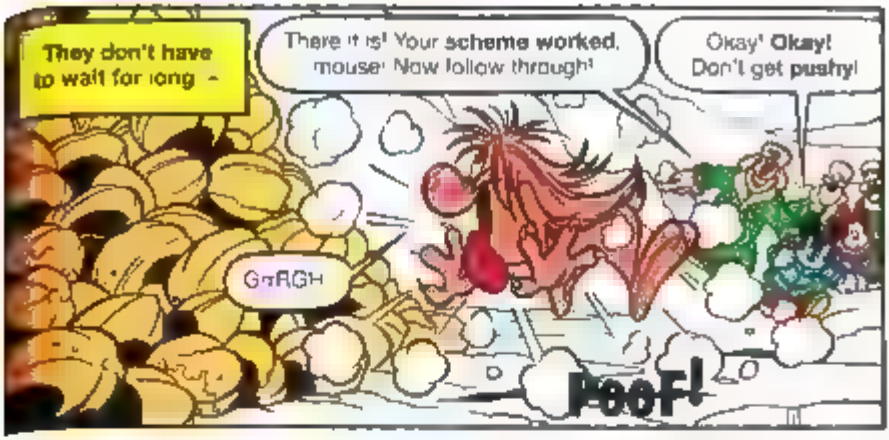
"I know Multiverse Mergers is a wealthy private company that a spent years trying to develop a portal between our planet and another dimension!"
"The records of that research were called the M Files! They contained the secrets of your discoveries!"
"Just a few weeks ago, you finally succeeded! But your portal opened onto a wildlife conservation area in that other dimension!"
"One of the wild animals — an endangered species, at that — escaped into our world!"
A nature conservator from that dimension — who happens to be very fond of walnuts — jumped through the portal after the creature!"

"You Multi-Mergers creeps caught them both and held them as prisoners so you could study them!"
"But you didn't know your captives had the power to teleport at will! They escaped — each to different places on the earth!"
POOF!
POOF!
"The creature was attracted to the scent of over-ripe melons... which are similar to its natural food! That's when you crumbs hit on your grand plan!"
"You wanted to study the Muncher! You'd re-capture it by gathering up all the melons on the planet and creating big 'melon traps' around the globe!"
"Meanwhile, the Walnut-Eating Man was afraid to return here! Your sensors might detect him! So he asked for my help..."
"...to destroy your precious M Files and shut down the portal for good! And that's exactly what I've done!"

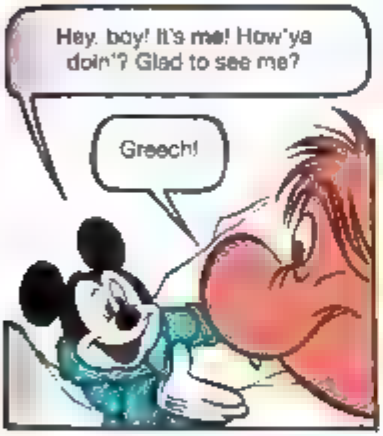
After all **no one** has the right to **invade** another world and **capture** its **helpless creatures**
You have just demolished 20 **years** of labor!
We **might** salvage something
We can learn about **teleportation**! If we can catch that creature and perform research on it
We developed a **collar** which will dampen its powers! And we have the **mouse**!
The Muncher **likes** him! He can help us **capture** it and slip the collar on
Why **should** I?
Because we've **got** your girlfriend and we're holding on to her until that creature is **ours**
Mickey!

Minnie Doll! Are you **okay**? these goons have—
m fine Mickey! Just **don't** help them! It's not worth it
Surely getting this lovely lady back is worth **anything**?
>GrRR.< What **choice** do have? All right — I help you!
Mickey! **No!**
And to start with, I'll give you a little **tip**! You're going about it all wrong! Gather up the melons from your traps around the world!
Why?
You need to combine all those melons in **one place**. Einstein That'll increase your odds of nailing the Muncher!
Where?
Someplace **isolated**! Far away so no one will know **Antarctica**, perhaps

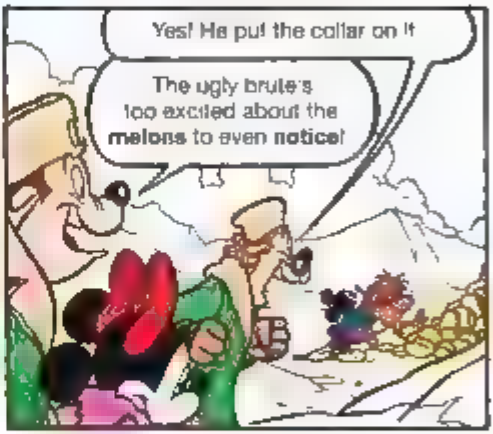
And so, a massive expedition travels to the South Pole! Until at last —
Good golly! What a sight! All the melons on the planet right here in this frozen wasteland!
A brilliant idea, mouse! You won't regret cooperating with us!
Just remember your promise! You let Minnie go as soon as I collar the Muncher!
Hey! I'm a man of my word!
The last melon is in place, sir!
Good! Everybody back off! Now we wait



They don't have to wait for long ~
There it is! Your scheme worked, mouse! Now follow through!
Okay! Okay! Don't get pushy!
GnRGH
POOF!



Hey, boy! It's me! How'ya doin'? Glad to see me?
Greech!

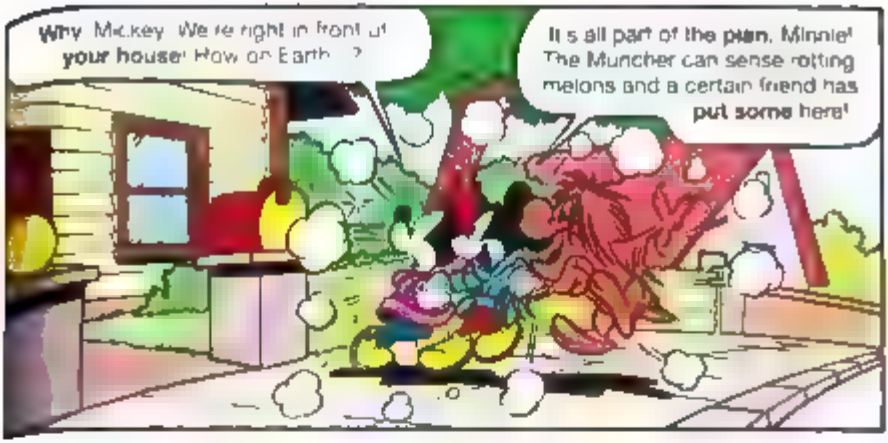


Yes! He put the collar on it
The ugly brute's too excited about the melons to even notice!

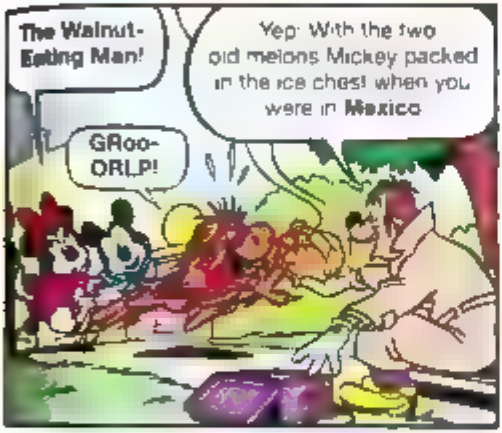
Okay ve done the dirty deed! But before turn the Muncher over to you release Minnie!

Sure! Why not?! I've got what I'm after
Mickey! I didn t want it to be like this!
Don t worry Minnie!

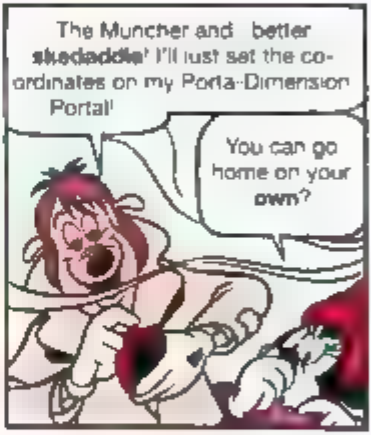
Sir? That monster's **hesitating**! It's not munching melons like it should be
That's right, boy! These melons are **frozen solid**, aren't they? They're no **good**!
Blech!
But I'll bet you can **sense** where in the world a couple of nice, over-ripe melons are!
He **removed the collar**! He double-crossed us!
Hang on Minnie! **Go**, fellah!
We've been **had**! That rodent made **chumps** of us all!
But how! All the melons on the planet are right here — **aren't** they?!
POOOF!!



Why, Mickey! We're right in front of your house! How on Earth...?
It's all part of the plan, Minnie! The Muncher can sense rotting melons and a certain friend has put some here!

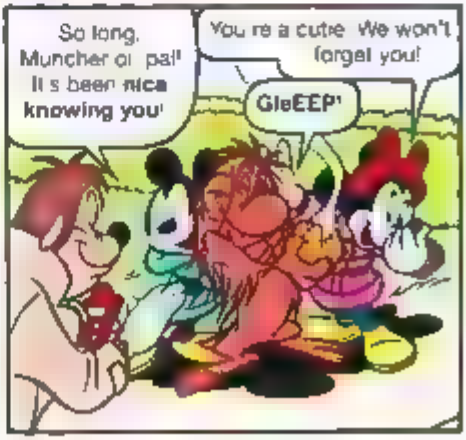


The Walnut-Eating Man!
GRoo-ORLP!
Yep! With the two old melons Mickey packed in the ice chest when you were in Mexico



The Muncher and better skedaddle! I'll just set the co-ordinates on my Porta-Dimension Portal!
You can go home on your own?

Oh yes! My people have had dimension-crossing capability for centuries. But we'd never use it to intrude on another world!



So long, Muncher ol' pal! It's been nice knowing you!
You're a cutie. We won't forget you!
GleEEP!

Hey! I forgot to ask! What's with all the **walnuts**? Did they help to maintain an **essential chemical balance** in your system while you were on Earth?
Heck, no! They just **taste** really **great**! We don't get many where I come from!

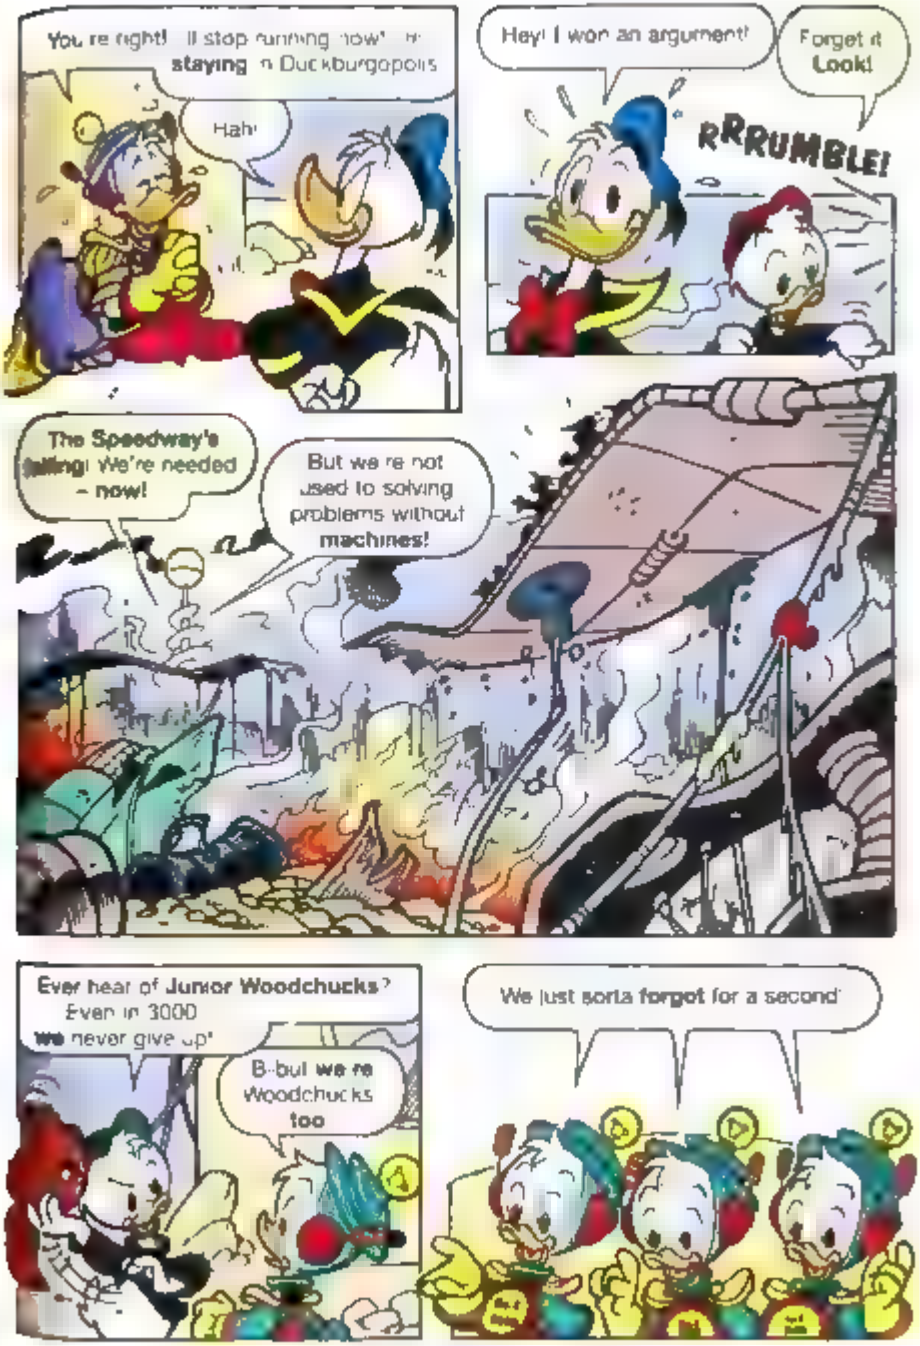
Well, I'm sick of yours, too
Oh! So Duckburgopolis isn't good enough?
It obviously wasn't good enough for you, Mr "See-You-Next-Millennium"
but running away was stupid! It only made things worse than ever!



You're right! I'll stop running now! I'm staying in Duckburgopolis
Hah!
Hey! I won an argument!
Forget it! Look!
RRRUMBLE!
The Speedway's falling! We're needed – now!
But we're not used to solving problems without machines!
Ever hear of Junior Woodchucks? Even in 3000 we never give up!

We'll have Duckburgopolis fixed up in no time.

We will — and give my regards to Daisy!
Speaking of Daisy —

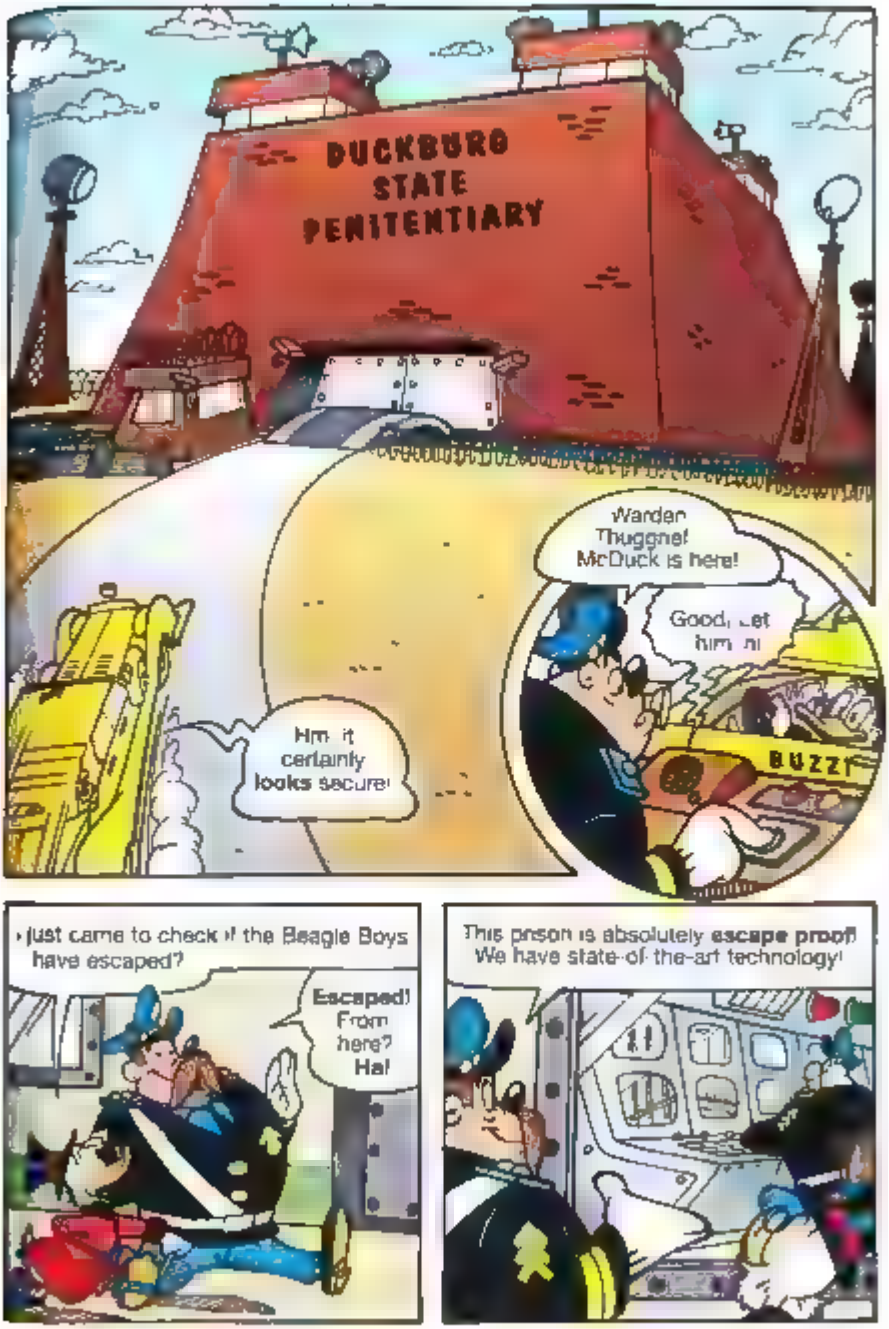
Dreams And Schemes
A terrifying scenario unfolds —
Ha! See if you can stop us now McDuck
SMASH!
>Shriiiiek!< The Beagle Boys!

>Gasp!<
>Choke!<
It was a dream! Again the same nightmare!
It's the third time in a week I have the same dream! I wonder why!
SLASH!
I think I'll go see an expert on these things!
And that's how Uncle Scrooge finds himself in a consultation with renowned dream analyst, Carl Catnap --
Hm... it sounds serious, Mr McDuck
C. CATNAP
UNDERSTAND YOUR DREAMS

Pick a card from this animal deck
You picked a bat. An animal that sleeps during the day and is awake at night.
What does it mean?
means you're having a premonition dream! You dream what is about to happen
>Gulp< hope not
There's no doubt! Picking the bat card is no light matter.
B-but that's terrible!
Perhaps! You won't know till you've had the next two dreams
What two dreams?

A premonition dream usually comes in **three**! You haven't seen it all yet!
So pay attention to your next dreams. They might give you the **solution** to the problem in the first dream!
Remember... don't doubt the messages! Premonition dreams are usually quite accurate!
I still find it hard to believe!
How can the **Beagle Boys** be scheming to rob me? I know they're in **jail**!
think I'll drive out and **check** on them! Just to put my mind at ease!



DUCKBURG
STATE
PENITENTIARY
Hm... it certainly looks secure!
Warden Thuggnet! McDuck is here!
Good, let him in!
BUZZ!
I just came to check if the Beagle Boys have escaped?
Escaped! From here? Ha!
This prison is absolutely escape proof! We have state-of-the-art technology!

Armed guards overlook all inmates from this balcony 24 hours a day
And where are the Beagle Boys?
Making license plates on the steel press: Repaying their debt to society!
Hello, McDuck!
Nice of you to come and see us, McDuck!

In fact they're behaving like **model** prisoners these days!
How so?
The steel press broke down recently and they've worked hard at **repairing** it saving us the expense of maintenance!
Hm
Don't worry! We don't trust them even for a second! We keep **close watch** over them all the time!
That's all I wanted to hear Warden Thuggrief!
Perhaps there's nothing to worry about. Maybe those dreams mean **nothing** and Car Catnap is crazy
I could **sue** him. Then I'd make a buck or two on the nightmares.
VROOM!

It's time to visit a certain **relative** of mine!
Donald! You can't just barge in without an appointment!
No? Watch me!
Miss Typefast, what's my dim-witted nephew doing here?

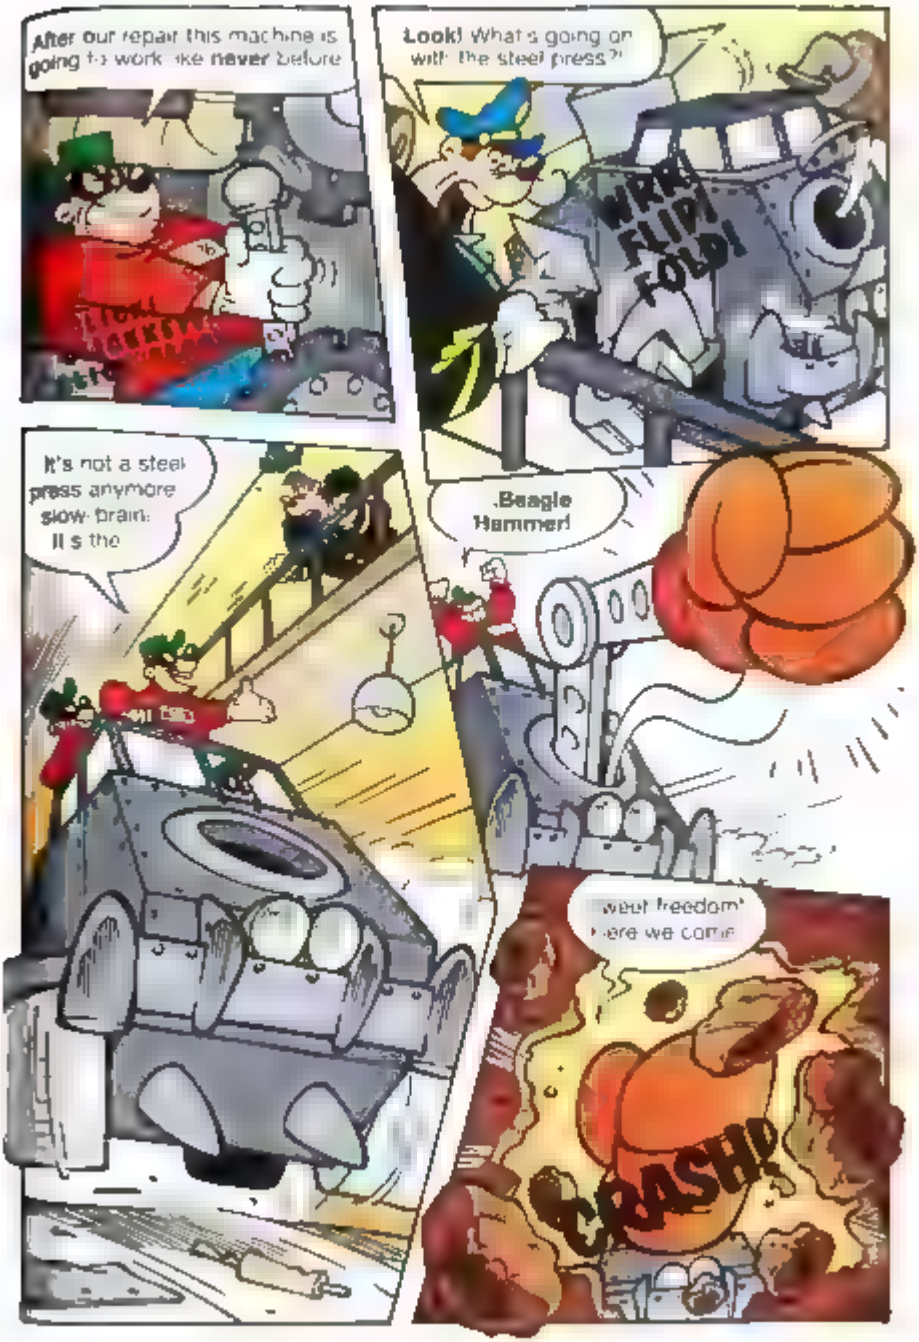
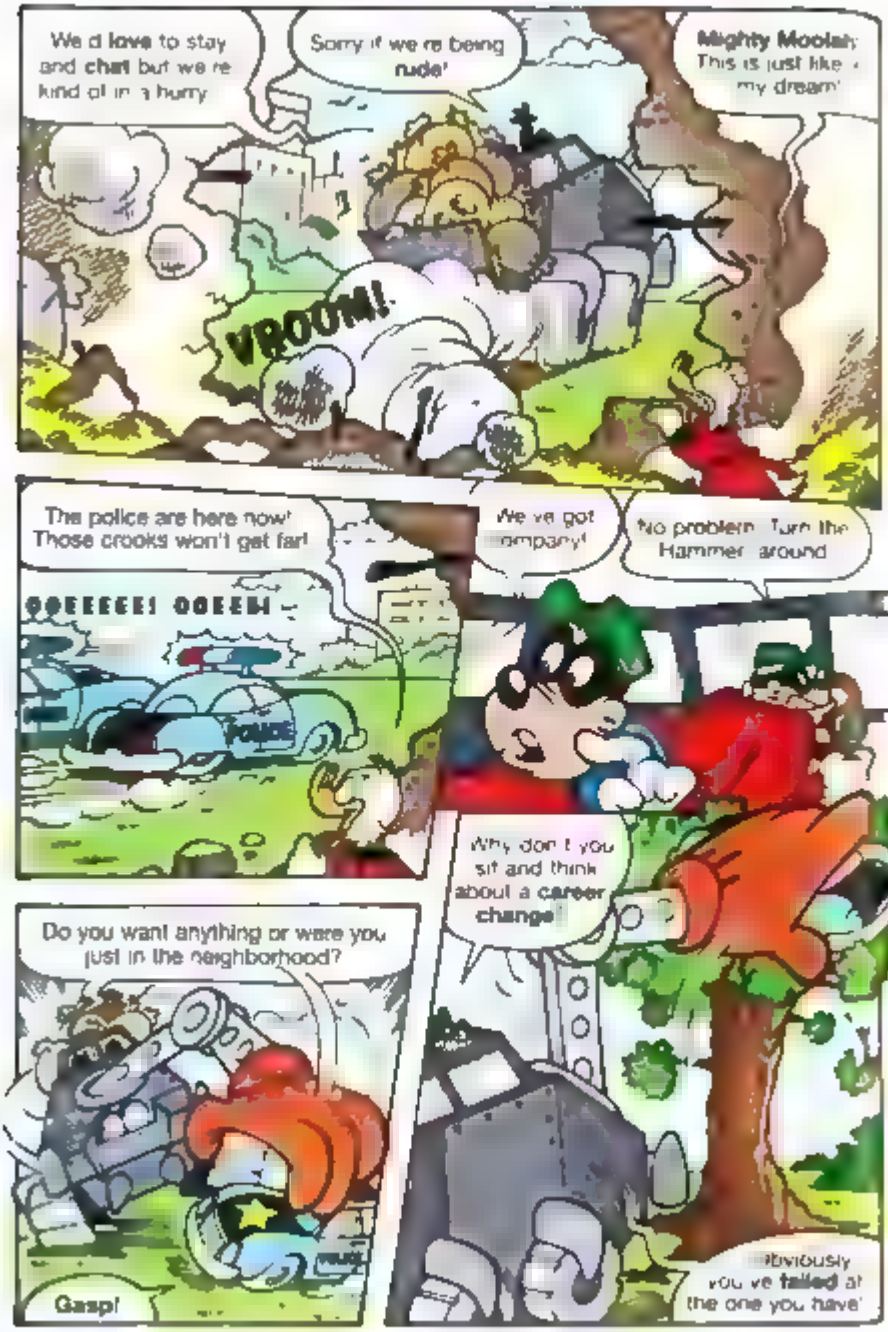
TRASH
That was not exactly a rags-to-riches story
TRASH
Is my power crystal getting weak so soon? Is something wrong?
Nah... it probably takes a little longer with a big request like this one! I'll wait patiently!
Next day in Duckburg prison —
My fellow Beagles! Our time has come!
DUCKBURG STATE PENITENTIARY



After our repair this machine is going to work like never before
Look! What's going on with the steel press?!
WRK FLIP! FOLD!
Beagle Hammer!
It's not a steel press anymore slow-brain. It's the
Sweet freedom! Here we come
CRASH!

Holy Houdini! The Beagles are out!
We thought they were repairing the steel press. Instead they turned it into that doomsday device!
Oh no! The other prisoners!
The Beagle Boys are getting a head start because we have to prevent the whole prison from escaping!
Hey you! Stay right here!

Nobody s after us so far!
Ha. They're still in shock!
And now we'll pay a visit to a dear old acquaintance
There s nothing like unexpected guests! Har har
And so the nightmare comes true —
Hello McDuck. Say good bye to your money
CRASH!
oad her up boys!
Do you ike the Beagle Hammer McDuck?
You ever saw us building her. Ha ha
>Gaaaah!<



We'd love to stay and chat but we're kind of in a hurry
Sorry if we're being rude!
Mighty Moolah: This is just like in my dream!
VROOM!
The police are here now! Those crooks won't get far!
WEEEEEE! OOEEW
We've got company!
No problem. Turn the Hammer around
Why don't you sit and think about a career change!
Obviously you've failed at the one you have!
Do you want anything or were you just in the neighborhood?
Gasp!

The other car is still after us, but at a safe distance!
They mustn't find our hideout!
We've still got a secret weapon! Har har!
CLICK!
Eat some of this
PLOP!
PLOP!
PLOP!
We're hit by something!
POLICE
Oh, We're stuck
What is that gooey stuff?
COUGH! SPLUT!
POLICE
It smells familiar! It is... it's prison porridge!
No blow is too low for these merciless rascals

Hours pass —
It's past midnight, sir. You really should try to get some sleep!
I'll never be able to sleep until the Chief of Police calls me and tells me they've caught the Beagle Boys!
They just disappeared without a trace and nobody knows where they're hiding!
SLP!
And it happened just like the dream analyst said! The nightmare became re. .a. .li. ty...zzz zz.
Zzzzz!
I put a sleeping pill in his tea! Otherwise the poor wreck would stay up all night and worry!
ZZZ!

And Scrooge dreams —
What was Donald doing in my dream?
POOF!
Catnap said the second dream might hold the solution to the first one!
Donald... will help me get my money back? No that's impossible!
Still... I'll check what Carl Catnap has to say about it later today!
So —
I think that was a very important dream. It may be the key to get your money back!
C. CATNAP
UNDERSTAND YOUR DREAMS

But my nephew is a **nitwit**! What help could **he** possibly be?
Don't underestimate the importance of a premonition dream
My advice is to **trust** him **whatever** he wants!
One million dollars!
>Moan<
Give me one million!
>Grr!<
Any trace of the Beagle Boys, officer?
Nothing McDuck It's as if the earth **swallowed** them!
All I can do is go to bed and hope the police do a better job tomorrow!

That night —
Again! This is scary!
Could it really be as Car Salesman says?
Next day at Donald's house
Are you crazy, Uncle Donald? What's all that stuff?
Expensive stuff I've bought with money I don't have!
Really perfect sense!

It's our fault! We made him believe in that silly "power crystal" he got!
Who's at the door
DING DONG!
Hi, Unca Scrooge! Come in!
I just came to give something to Donald!
One million dollars!
>WAK!<
Er... Unca Donald, I think... er... you just became a millionaire!
Ha! I knew it!
That's why you bought all that stuff! But how did you know?
I just knew Uncle Scrooge would give in
Where are you going?
Shopping!

I'll take this one! Don't wrap it, I'll wear it as it is!
And how would sir like to pay?
Cash!
Now for a nice country drive to test this beautiful baby
VR-VROOM!
Whoa! I just passed a Spughetti!
Oops
CRASH!

Waaah!
>Ungh<
STONG!
Underneath --
What? An Earthquake?
Or somebody dropped a bomb?
I'll go and have a look
Somebody found our secret entrance
67

Going somewhere?
don't know **how** you found us, but I'll make sure you **don't tell anyone!**
Look what I found! He drove his car right into our secret entrance!
It's **McDuck's** pea-brained nephew!
How'd you **find us? Who else** knows where we are?
I have only one thing to say.
demand that you turn yourself over to the **police!**
?

Ha ha ha! You can demand all you want for all I care!
You are not exactly in a position to give orders
I have powers beyond your imagination
Eventually you will obey me!
Hm. I don't really like this.
He seems awfully sure of himself!
Maybe he has backup on the way! Only a fool would confront us alone!
Well, he is kind of a fool, remember.
I'd say it's safest to get rid of him!
It's useless to resist!
Pipe down webfoot!
DISGUISES

Don't contact **anybody** or you'll be in **real** trouble!
don't have to! You **will** turn yourselves in, as I have demanded!
A **waffle stand!**
So what duck?
I demand that you stop here and **buy me a waffle** before we go to the police
I demand that you **shut up!**
Actually the waffles look **pretty yummy** 176-671
And we've hardly eaten since jail!
I believe it's proper to give **a condemned** duck his **last meal!**
Right! Ha ha ha

When we're done, we go straight to the police, okay?
Sure! Ha ha!
Hey! Come back
Uh-oh! Trouble!
The waffle guy is on to us!
Let's burn rubber!
That's why he wanted to stop! The waffle guy's a secret agent!
Very clever feather ball.
But he won't catch us now!
Turn right here!
We'll reach the pier in no time!

Wh- are you?
n the waffle man. These guys paid with a 100-dollar bill but forgot their change!
>Argh<
>Moan!<

So —
Thanks for finding the Beagle Boys hideout. Amazing set of **coincidences** that got them caught!
They just did as I **commanded** them!
And Uncle Scrooge gets his money back —
You should look **happier** sir!
You got **everything** back except what the Beagle Boys spent on **four waffles**
True
but still gave Donald **one million dollars** that hasn't come back yet
Perhaps the **third** dream will hold the answer!

Next day —
I think I'll go and collect some more money from Uncle Scrooge!
It's only fair — m his nephew and I caught the Beagle Boys for him!

Anyway he can't resist!
Donald, you can I just oh well!

How much?
The one million dollars I gave you!
Agreed!
Oh, boy! I'm getting my million back!
SCRATCH SCRATCH
The **third dream** came true as well! Now I can look forward to some nice **dreamless** nights!
I gotta check it out!

I'm in charge of the entire world's Power Crystals! It's ... it's like ruling the whole plane!
The factory looks a bit shabby though!
I'm the manager. You must be the new owner McDuck called me about.
Yes, the proud owner! How's business?
Disastrous! Didn't McDuck tell you?
That can't be possible
People didn't go for the bluff! I guess they weren't as gullible as we'd hoped
What do you mean "bluff"? I'll show you!

Jump on one leg!
I said jump on one leg!
Very funny! Are we through now
B-b-b-but
Like said, people didn't go for the bluff!

The terrible terrible Beagle Boys — lawmen? Unbelievable!
© 2004 TM
It all began at the annual Policeman's Ball —
Great bash, Chief! Every cop in town's here!
No wonder. Free punch and donuts. And goulash too!

Yum! Your wife outdid herself Chief! Can I get you a bowl?
Are you kidding? Last time I ate Sadie's Goulash Surprise.
I was in the hospital for a week! >Ugh!<
?
Prophetic words, for next day —
Chief! Every officer in town called in sick!
Oh no! It couldn't be a worse time!
The Beagle Boys' annual family reunion is this week!
BUS STATION
This town will be crawling with cons.
DUCKBURG

What ll we do? Without police They ll steal everything not nailed down.
We could hire temps, sir! It's only for a week
Perfect! Place a want ad Miss Cluck
>Sigh< m going home to rest my poor nerves

>Sob!< I'm ruined! I'll be the laughing stock of Duckburg
Gee, chief! Don't take it so hard!

Give us a chance! We've turned over a new leaf!

All we ask is a chance to prove it!

You're right! Everyone deserves a second chance! Welcome to the force!

I know you boys won't let me down!

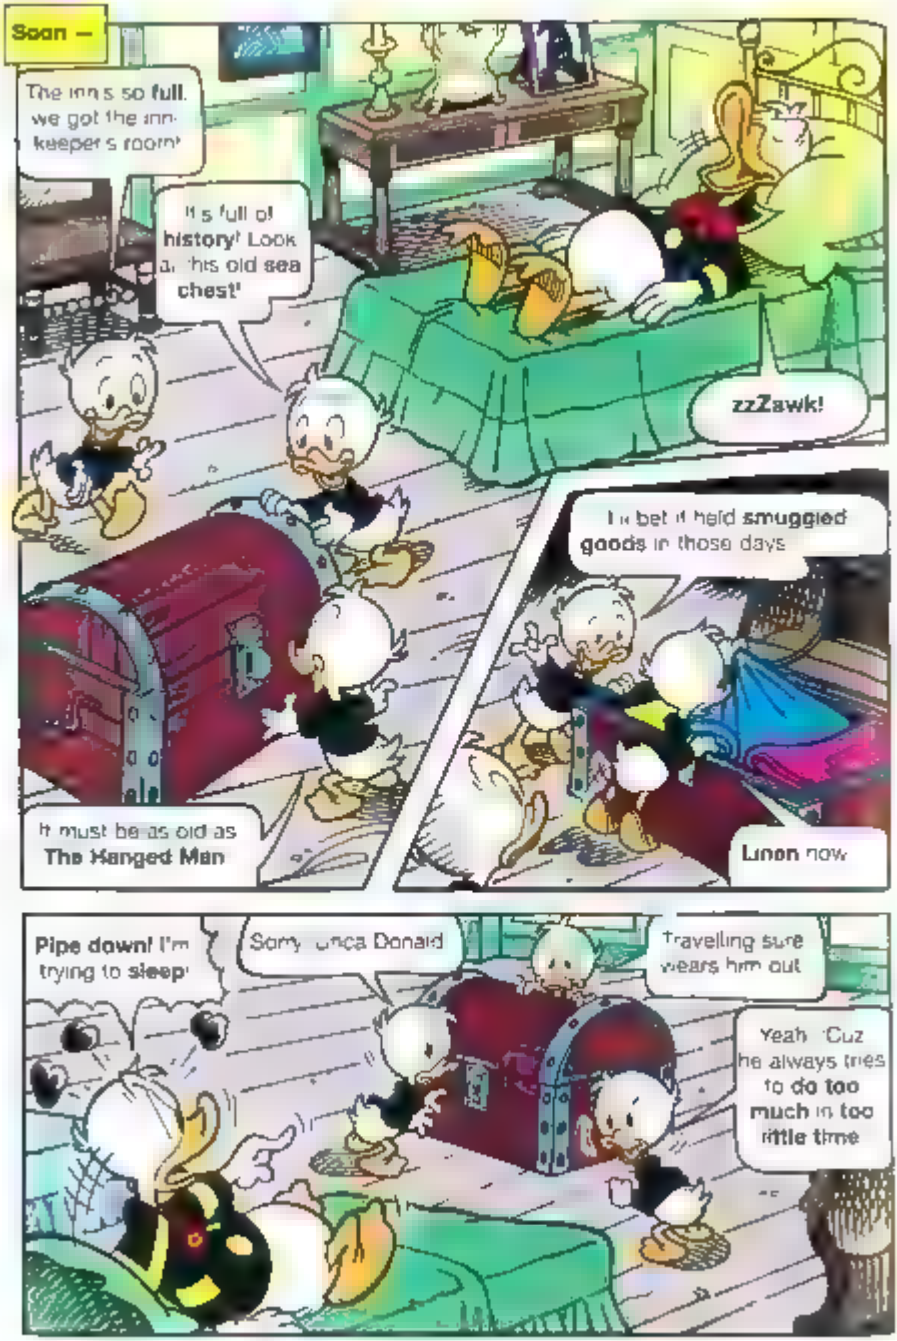
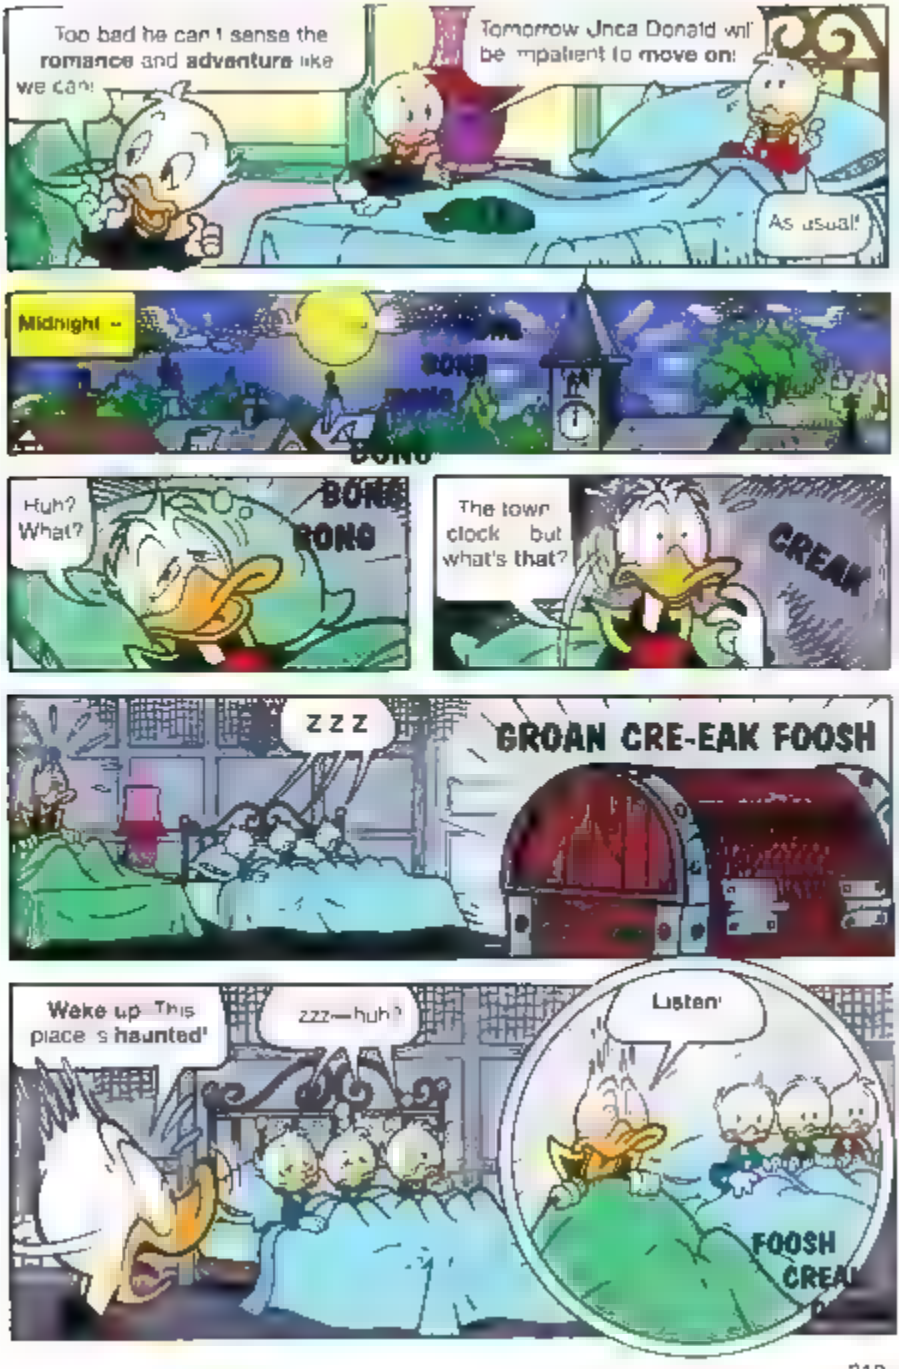
The HANGED MAN
On the south coast of England, people tell a legend of smugglers, demon riders, and...
The Hanged Man and his outlaws held sway here in the 1700s
Let's spend the night here, Uncle Donald
Please?
1467
WELCOME TO DYMBULB HOME OF THE HANGED MAN
© 2005-015

Why are you so excited by a bandit who lived over two centuries ago?
The Hanged Man was famous!
He helped the poor by outwitting unjust laws
The Hanged Man Inn! One of the hotbeds of his smuggling gang
THE HANGED MAN
We must stay here please?
>Yawn!< You win, boys! I'm too tired to drive another mile anyway
PARK YOUR CAR
Yayy!
I'll get our bags You kids check us in
Oboy! Oboy!



Soon —
The inn's so full, we got the innkeeper's room!
It's full of history! Look at this old sea chest!
zzZawk!
I'll bet it held smuggled goods in those days
It must be as old as The Hanged Man
Linen now
Pipe down! I'm trying to sleep!
Sorry, Uncle Donald
Travelling sure wears him out
Yeah. 'Cuz he always tries to do too much in too little time



Too bad he can't sense the romance and adventure like we can!
Tomorrow Uncle Donald will be impatient to move on!
As usual!
Midnight --

Oh, no
>Gasp!<
AAH!

»Gasp!« The stairs are gone
It's forcing me back to the other end
»Yelp!« Now what?!
The boys rouse the innkeeper —
An amazing tale indeed. Your uncle is trapped?
This chest is said to have belonged to a French witch
must be magic!
That may explain the Hanged Man's disappearance! He was never caught
But but what can we do
Perhaps the stairs will reappear at midnight tomorrow!
»Uh!«

Mean-
while
>Cough
drowning
tobacco
Eh
>Eek!<
So!
Are the French sending
spies
Glurk
EEEYAHAHAHAHA

A spy
Hidden in
A spy
Leave
Please
Donald
Duck
spy!
Horsemen coming Dragoons!
Then come my horse! We'll tweak the King's nose and give our lads time to reach safety!

HA HA HA HA HA HAH

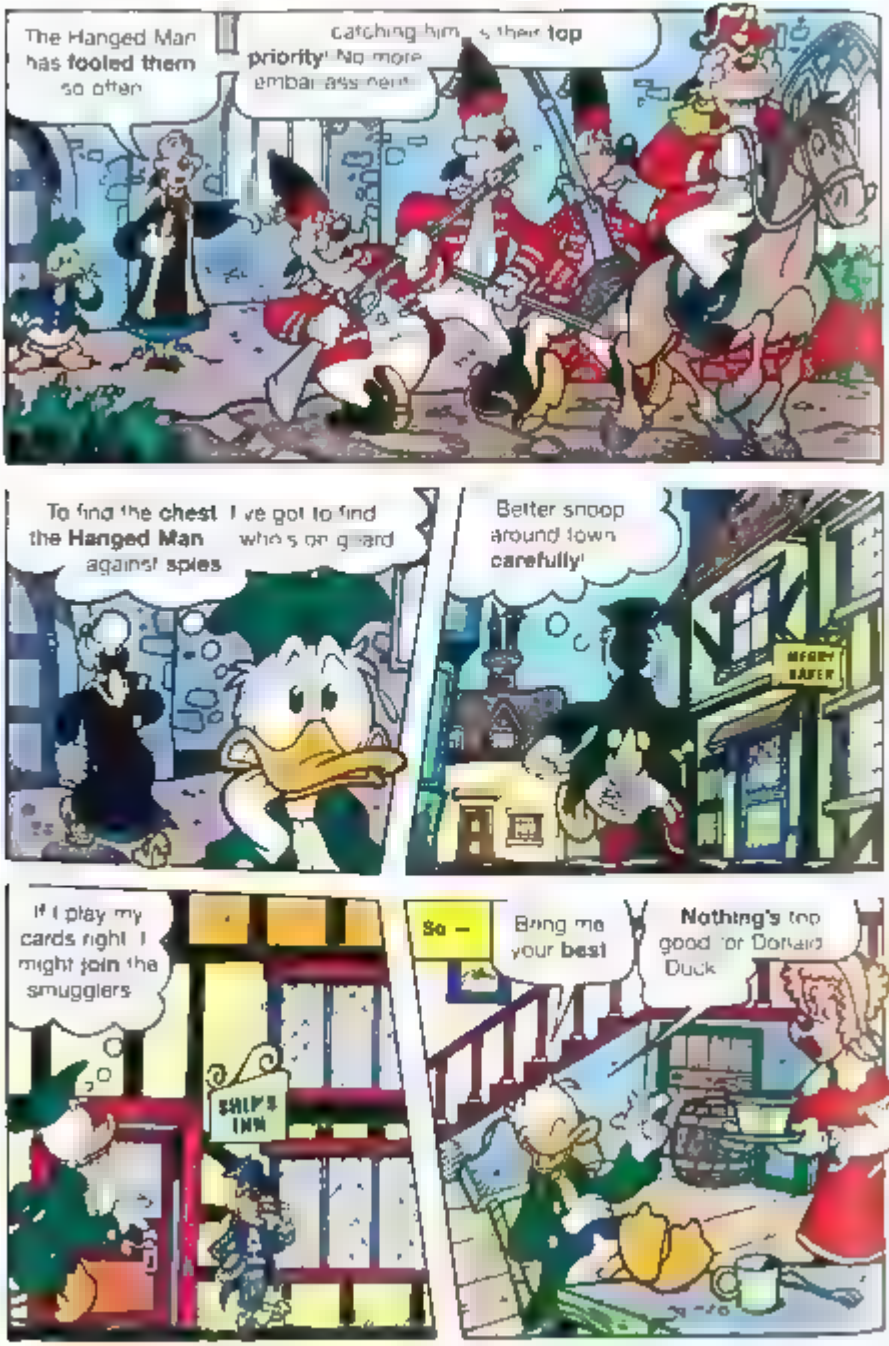
The outlaws lead the king's men on a wild chase
Yeek!
Awk
Unt—
And the spy
The town gibbet
Not the gibbet
Mmmf
fish back to King George!
EEYAHAHA!

And wanted to visit England!
Good heavens, what's his?
Mm!!
Allow me! I am Dr Blyss Vicar of Dymbulb!
What happened?
The Hanged Man thought I was a spy
The scoundrel takes no chances.
I'm no spy! I'm Donald Duck from Duckburg.
Duckburg? Sounds funny.
I'm a tourist from the future. Sounds kinda crazy, huh?

In the rectory
A sea chest, eh? I've read of such things but never believed it
of time machine!
This book says such devices were witches' escape routes
I'm no witch! And I didn't want to come here!
It's no mystery why the Hanged Man thought you were a spy! There's a big reward for his capture alive or dead!
I think he's nuts
Still, the rogue's a savior to my poor flock
Many would starve if not for him.
The king's huge taxes bleed the country dry!

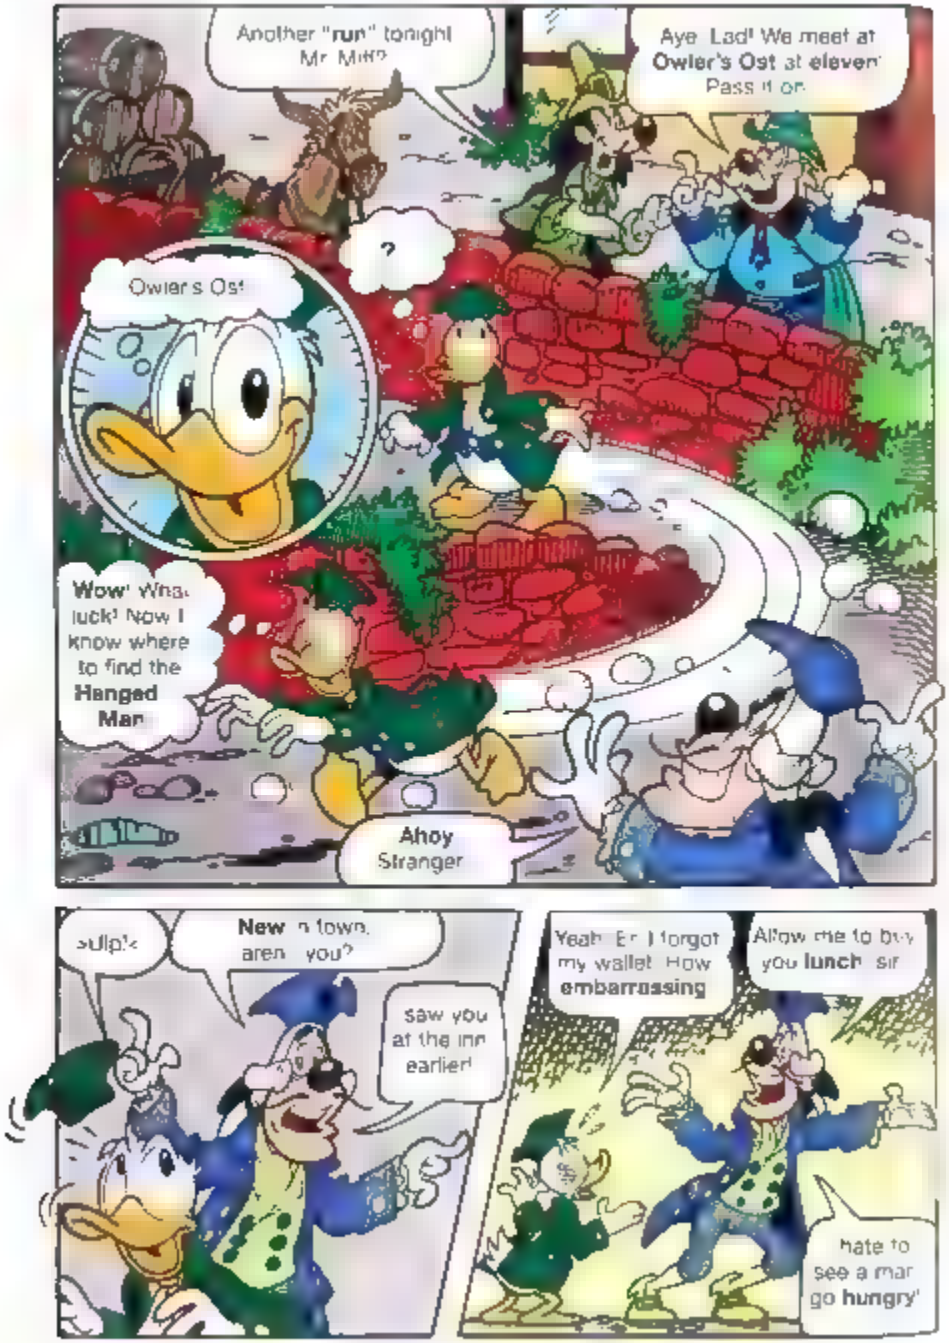
So my nephews were right! He's like a coasta Robin Hood!
A apt analogy!
We'll say you're from the Colonies to explain your accent!
Say nothing of that chest! Folk might think you're bewitched
Thanks, Dr Blyss but how will I get home?
You'd have to find the chest again It might be dangerous
must be in the hands of the Hanged Man!

Morning mass –
The Hanged Man rode the
This villain mars Dymbulb's good name!
I beg you to report any smuggling activity a Major Proof! We must all help smash this outlaw gang!
Nice sermon Dr
But hypocritical! Chuckles Don't
dge me too
do admire the rascal but must condemn him in church
Dymbulb is full of the king's agents!



The Hanged Man has fooled them so often
catching him is their top priority! No more embarrassment
To find the chest the Hanged Man against spies
I've got to find who's on guard
Better snoop around town carefully!
MERRY BAKER
If I play my cards right I might join the smugglers
SHIP'S INN
So —
Bring me your best
Nothing's too good for Donald Duck

In the Colonies I was Duckburg's most devilish (but lovable) rogue!
Modest
too
I was the terror of the redcoats back home. And blah blah blah
But —
Bring money next time Mr. Hern
Ow
Ough... Guess better try other tactics
Dr. Blyss was right! No one starving here... except me
They avoid poverty thanks to the Hanged Man
Everyone in town must be in on the smuggling! An outsider has no chance!
"s"



Another "run" tonight Mr. Mitt?
Aye Lad! We meet at Owler's Ost at eleven! Pass it on.
?
Owler's Ost
Wow! What luck! Now I know where to find the Hanged Man
Ahoy Stranger
>ulp!<
New n town, aren't you?
Saw you at the inn earlier!
Yeah. Er, I forgot my wallet. How embarrassing
Allow me to buy you lunch, sir
Hate to see a man go hungry!

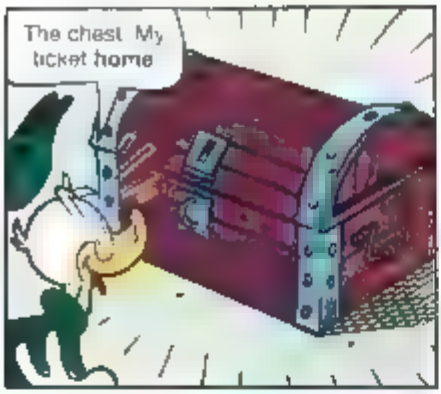
Soon —
Thanks, mister >Chomp!< You're okay in my book
too, am a shrewd judge of men! I wager you're a man who can keep a secret
Oh, I get it. You saw me overhear those guys talking about tonight's meeting
>h
Don't worry! You can trust me. I wanna join the Hanged Man's gang. It be at Owler's Ost at eleven. See you there?
You can rely on my discretion!
m sure of it. I must run. Enjoy your meal
What a swell smuggler!
>Chomp!<
>Chomp!<
At last! Owler's Ost at eleven! I'll be there, too!
SNIP'S INN

Night falls –
have to find Owlers
But just realized
don't know
where or what it is
Can I ask
anyone too
suspicious
s my friend from lunch'
joining him openly now
might be too suspicious
but he can still lead
me to the meeting
s this at
osl
Something's
going on

the whole regiment
midnight
Hanged Man
ours
King's evidence
whole town
arrested

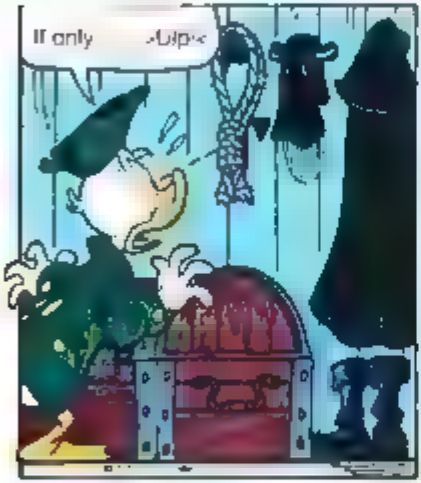
And I'm the squealer!
Me and my big flapping beak
But I can warn the smugglers. That would square things with the Hanged Man
But still don't know where that ost is
Dr. Blyss might know!
And he sympathizes with the smugglers
Dr. Blyss Rats! He's not here
And his stable's empty, too

The whole town will be on my conscience! Oh what will I do?
Why couldn't I keep my mouth shut?
WHAM
WHAM
WHAM
CLIP
Huh?!?
A secret stable
That horse looks familiar!



The chest My ticket home

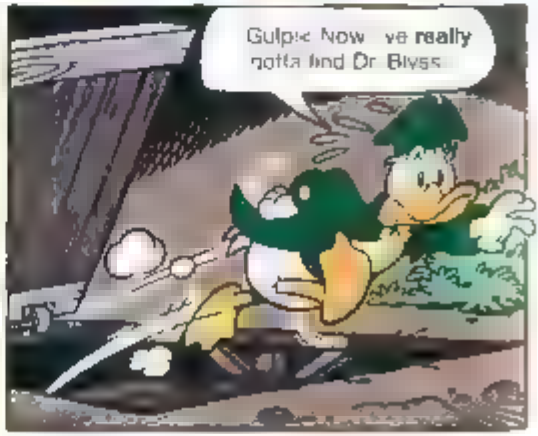
At least I can get out of here at midnight two hours from now



If only Gulp

The Hanged Man's costume What's it doing here? What's this place doing under Dr Blyss' stable?

2 + 2 = 4



Gulp Now ve really gotta find Dr Blyss

The church! Why didn't I think of that.
Dr Blyss
Soldiers are laying a trap for you
You and your smugglers are in danger! I heard about your meeting tonight and blabbed to a spy about it!
I didn't mean to!
I know you're the Hanged Man Vicar! There's no time to waste
But Donald-
Hurry! Warn your men!
How interesting!

I trusted your instincts Duck! Sergeant!
Arrest him! Dr Blyss s the the Hanged Man
Surely you don t believe this poor addle brained idiot?
ve always wondered about you! You're the cleverest man n Dymbulb'
The Hanged Man is clever too
And with this duck's testimony you may finally live up to your nickname

CRASH
He's gone!
Vanished!
Never mind! We've got the big fish!
You're making a terrible mistake
I see. We've got a meeting to attend and I'll be very surprised if the Hanged Man shows up while you're in jail!
I've made things worse than ever!
can go home at midnight but what a mess I'm leaving behind!

I'm changing history, too! Those soldiers will capture the Hanged Man's gang!
Without the Hanged Man there, they'll know he's Dr Blyss
Minutes later, a terrifying figure emerges from the vicar's stable –
Owler's Ost, please
Unless
And hurry!
SNORT!
Like a demon ghost, it gallops across the marsh –
Whoa
Ouch!

Hush! Owler's Ost is ahead!
Looks like a busy night for a kiln-house eh?
It seems you were right about this
But just can't believe the Vicar is the Hanged Man!
You'll see! bet the Hanged Man misses this meeting
GANGWAY!

WAAAAAKKK!
>AA!<
>YA!<
SNORT
Eww
It's him!
Yow!
Oof!

WAK! >SHRIEK!< >EEK!< WAK!
That laugh of his
Here demons
What's all that noise?
The Hanged Man surprised the soldiers
The jig's up Run for it
EE-WAK! EE — WAK! EEEEEE
>Arg!<
Look out for the >glub!< marsh
>Glarb!<
>ugh!<

So the Hanged Man is Dr Blyss
B but was sure
Back at the jail —
Sorry about this vicar! Anyone who thinks you are the Hanged Man is mad and I make sure he's certified
Quite all right Major
But who pretended to be the Hanged Man?
Ah, I thought so!
Vicar

This **imposter** was riding **your horse** and wearing the **Hanged Man's** outfit
And **lucky** he did!

B but how do you explain **my** being here?

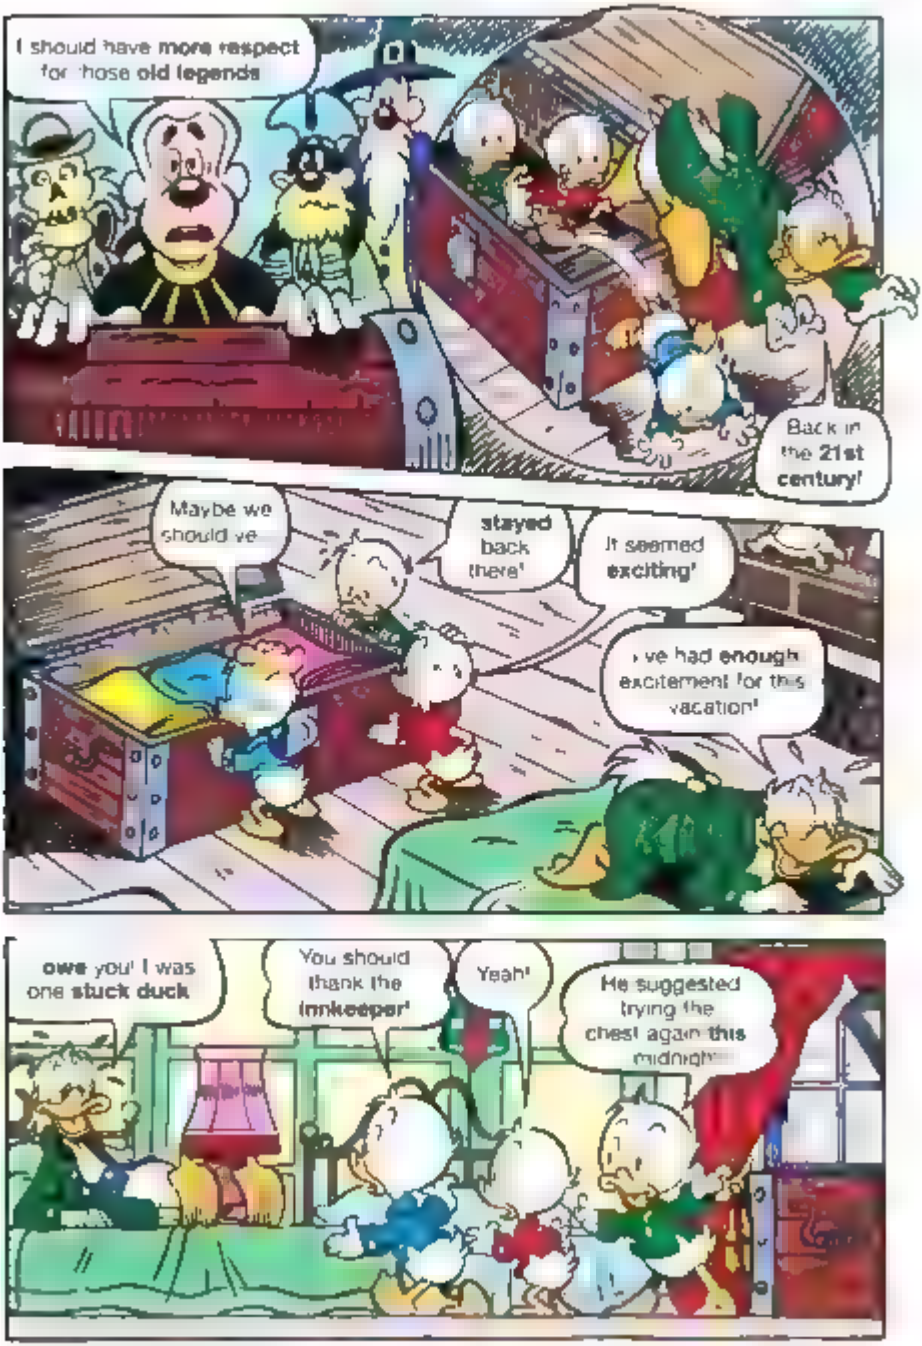
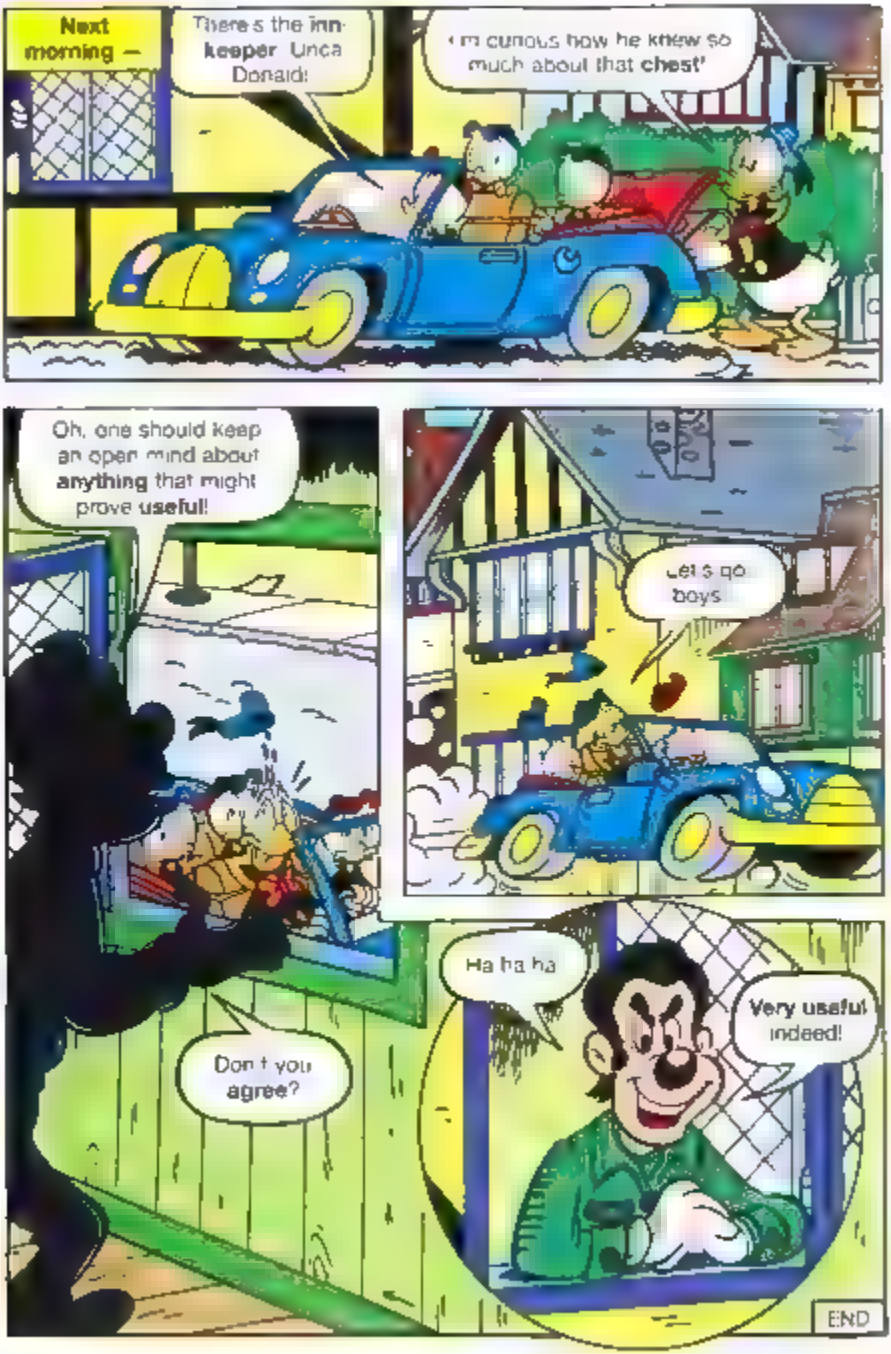
But don't fret Donald! You've found friends here!
Unca Donald! Unca Donald!
Unca Donald! Quick!
Boys!
LAM
thank you! clock is slow Vicar



I should have more respect for those old legends
Back in the 21st century!
Maybe we should've
stayed back there!
It seemed exciting!
I've had enough excitement for this vacation!
owe you! I was one stuck duck
You should thank the innkeeper!
Yeah!
He suggested trying the chest again this midnight



Next morning —
There's the innkeeper Uncle Donald!
I'm curious how he knew so much about that chest!
Oh, one should keep an open mind about anything that might prove useful!
Let's go boys
Don't you agree?
Ha ha ha
Very useful indeed!

Es geht wieder los ... mit dem dritten Band der LTB English Edition werden die hier abgedruckten Disney-Comics erstmals im deutschen Sprachraum in englischer Sprache publiziert. Lesen, lernen, lachen – oder treffender: Learn with a laugh. Acht textlich überarbeitete Geschichten aus Entenhausen – Duckburg – machen den Zugang zur Weltsprache Englisch leichter denn je. Dazu findet sich im Anhang ein ausführlicher Vokabel-Teil und natürlich ein Glossar zu den Entenhausenern, die im Original vielfach ganz andere Namen tragen.
